BANK MUAMALAT LAUNCHES SMART GREEN MORTGAGE - SOLAR PV FIT PLAN

KUALA LUMPUR: 1 August 2013 – Bank Muamalat Malaysia Berhad (Bank Muamalat) today launched its "SMART GREEN MORTGAGE FOR SOLAR PV FIT PLAN" at Auditorium SEDA Malaysia. Y.B. Dato' Seri DiRaja Mahdzir Khalid, Deputy Minister of Energy, Green Technology and Water launched the solution accompanied by En. Musa Abdul Malek, Deputy Chief Executive Officer of Bank Muamalat. Y.Bhg. Tan Sri Dr. Fong Chan Onn, Chairman of SEDA Malaysia was also in attendance.

The introduction of Bank Muamalat's latest solution for consumer investment opportunity via the Muamalat SMART Green Mortgage is an innovative way to facilitate customers' financing needs to purchase and install the Solar PV Feed-in Tariff (FiT) system at their homes' rooftops, via the Bank's Solar PV FiT Plan (plan).

The plan will be the first Islamic financing package which is fully Shariah compliant offered and made available to the market.

En. Musa Abdul Malek said in his speech "With a proven track record and a wealth of experience in the financial industry, Bank Muamalat is striving towards satisfying the high standard set by the Ministry. We are conscious of the fact that the task of developing the green technology industry is not a singular effort of the Government. In order to achieve our national vision, the private sector also has a significant role to play. Strategic alliances such as ours will help boost investment and awareness in the green technology industry".

The purchase and investment plan is an initiative by Bank Muamalat to facilitate the growth of renewable energy in Malaysia. The plan is made possible with the implementation of the Feed-in Tariff (FiT) Mechanism administered by SEDA Malaysia. FiT enables Malaysian to generate electricity from renewable resources while earning a fixed income for up to 21 years by selling the electricity to TNB to be fed to the grid.

The Muamalat SMART Green Mortgage offers a special deal via refinancing of customers' existing home financing facilities with Bank Muamalat. By capitalizing on the Easy Moving Cost (EMC) feature wherein legal and valuation fees will be absorbed by the Bank and a limited period special financing package, financing cost will be reduced, resulting in affordable monthly installments for customers.
