PRODUCT DISCLOSURE SHEET (PDS)

Read this Product Disclosure Sheet and terms and conditions before you decide to subscribe to the Islamic Pawnbroking (Muamalat Ar-Rahnu). Please seek clarification from us if you do not understand any part of this document or the general terms.

1. What is this product about?

Islamic Pawnbroking (Muamalat Ar-Rahnu) is an Islamic pawnbroking scheme. The qualified customer shall apply for financing from the Bank for a mutually agreed amount by collateralising an agreed amount of gold or gold item to the Bank.

Under this product, the customer is the legal owner of the gold item(s) and agrees to pawn this/her/customer's gold item(s) (gold item(s) acknowledged by the Bank) as collateral for the financing received from the Bank.

2. What are the Shariah contracts applicable?

The product is structured under the concept of *Tawarruq*, *Rahn*, *Wadi'ah*. The concept of *Tawarruq* consists of few Shariah contracts including *Murabahah*, *Wakalah* and *Wa'd Mulzim* (a binding promise).

Under the *Tawarruq* arrangement, the Customer applies for financing from the Bank by entering into a binding promise (*Wa'd Mulzim*) for an asset requisition to purchase the Shariah compliant commodities ("Commodity") (such as crude palm oil ("CPO"), plastic resin-polyethylene ("PE"), RBD palm olein ("OLN") or any other commodities that are approved by Shariah Committee of the Bank) from the Bank at Selling Price. Effectively, the Bank will purchase the Commodity from a supplier at the Purchase Price ("Purchase Transaction"), and thereafter, sell the Commodity to the Customer at the Selling Price ("Sale Transaction"). This purchase and sale of the Commodity is done on the basis of *Murabahah*. The Selling Price shall be paid by the customer to the Bank on deferred basis. The customer shall subsequently sell the Commodity via the Bank acting as their agent to a third party on cash basis. The cash shall be treated as provision of financing to the customer. The *Tawarruq* transactions shall be conducted prior to disbursement of financing amount to the customer. However, customer is entitled to take delivery of the purchased Commodity upon explicit request to the Bank prior selling it to the third party as specified in the Kontrak Pembiayaan Pajak Gadai Islam (Muamalat Ar-Rahnu). The customer must solely bear all costs and expenses incurred for the delivery and subsequent transfer of ownership of the Commodity. Consequently, the facility amount will not be disbursed to the customer.

Rahn refers to a contract where a party, as pledgor (*rahin*) pledges an asset as collateral (*marhun*) to another party, a pledgee (*murtahin*) to fulfil an obligor's liability or obligation (*marhun bih*) owed to the pledgee in the event of default of such obligor.

Wadi'ah refers to a contract where an asset is placed with another party for safekeeping.
