**Bank Muamalat Malaysia Berhad  
(Incorporated in Malaysia)**

**Directors' Report**

**In the name of Allah, The Most Beneficent, The Most Merciful**

The directors have pleasure in submitting their report together with the audited financial statements of the Group and of the Bank for the financial year ended 31 December 2020.

**Principal activities**

The Bank is principally engaged in Islamic banking business and the provision of related financial services. The principal activities of the subsidiaries are disclosed in Note 11 to the financial statements.

There has been no significant change in the nature of these activities during the financial year.

**Results**

	<b>Group RM'000</b>	<b>Bank RM'000</b>
Profit before zakat and taxation	174,768	171,216
Zakat	(3,352)	(3,282)
Taxation	1,441	3,334
Profit for the year	<u>172,857</u>	<u>171,268</u>

There were no material transfers to or from reserves or provisions during the financial year other than as disclosed in the financial statements.

In the opinion of the directors, the results of the operations of the Group and of the Bank during the financial year were not substantially affected by any item, transaction or event of a material and unusual nature other than the effects of COVID-19 pandemic and related support measures as disclosed in Notes 8 (b)(iii), 27 (a) and 29 (b).

**Dividend**

No dividend has been paid or declared by the Bank since the end of the previous financial period. The directors do not recommend the payment of any dividend in respect of the current financial year.

**Bank Muamalat Malaysia Berhad**  
**(Incorporated in Malaysia)**

**Bank Muamalat Malaysia Berhad  
(Incorporated in Malaysia)**

**Directors' interests**

According to the register of directors' shareholdings, the interests of directors in office at the end of the financial year in shares in the Bank and its related corporations during the financial year were as follows:

	Number of ordinary shares of RM1.00 each			As at 31.12.2020
	As at 31.12.2019	Acquired	Disposed	
Interest in DRB-HICOM Berhad, holding company:				
<u>Indirect Interest</u>				
Dato' Sri Che Khalib Mohamad Noh	3,500 <sup>^</sup>	-	-	3,500 <sup>^</sup>
<u>Direct Interest</u>				
Ghazali Hj Darman	4,000	13,700	-	17,700

<sup>^</sup> Deemed interest in shares in the holding company held by spouse pursuant to Section 59(11)(c) of the Companies Act 2016.

Other than as disclosed above, none of the directors in office at the end of the financial year ended 31 December 2020 had any interest in shares in the Bank or its related corporations during the financial year.

**Directors' benefits**

Neither at the end of the financial year, nor at any time during that year, did there subsist any arrangement to which the Bank was a party, whereby directors might acquire benefits by means of the acquisition of shares in, or debentures of the Bank or any other body corporate.

Since the end of the previous financial year, no director has received or become entitled to receive a benefit (other than benefits included in the aggregate amount of emoluments received or due and receivable by the directors from or the fixed salary of a full-time employee of the Bank as shown in Note 35 to the financial statements or from related corporations) by reason of a contract made by the Bank or a related corporation with any director or with a firm of which he/she is a member, or with a company in which he/she has a substantial financial interest.

**Directors' indemnity**

Directors' liability takaful is in place to protect the directors of the Group and of the Bank against potential costs and liabilities arising from claims brought against the directors.

**Bank Muamalat Malaysia Berhad  
(Incorporated in Malaysia)**

**Other statutory information**

- (a) Before the statements of profit or loss, statements of comprehensive income and statements of financial position of the Group and of the Bank were made out, the directors took reasonable steps:
- (i) to ascertain that proper action had been taken in relation to the writing off of bad debts and the making of allowance for doubtful debts and satisfied themselves that all known bad debts had been written off and that adequate allowance had been made for doubtful debts; and
  - (ii) to ensure that any current assets which were unlikely to realise their value as shown in the accounting records in the ordinary course of business had been written down to an amount which they might be expected so to realise.
- (b) As at the date of this report, the directors are not aware of any circumstances not otherwise dealt with in this report or the financial statements which would render:
- (i) the amount written off for bad debts, or the amount of the allowance for doubtful debts in the financial statements of the Group and of the Bank inadequate to any substantial extent; and
  - (ii) the values attributed to current assets in the financial statements of the Group and of the Bank misleading.
- (c) As at the date of this report, the directors are not aware of any circumstances which have arisen which would render adherence to the existing method of valuation of assets or liabilities of the Group and of the Bank misleading or inappropriate.
- (d) As at the date of this report, the directors are not aware of any circumstances not otherwise dealt with in this report or financial statements of the Group and of the Bank which would render any amount stated in the financial statements misleading.
- (e) As at the date of this report, there does not exist:
- (i) any charge on the assets of the Group or of the Bank which has arisen since the end of the financial year which secures the liabilities of any other person; or
  - (ii) any contingent liability of the Group and of the Bank which has arisen since the end of the financial year other than those arising in the normal course of business of the Group and of the Bank.
- (f) In the opinion of the directors:
- (i) no contingent or other liability has become enforceable or is likely to become enforceable within the period of twelve (12) months after the end of the financial year which will or may affect the ability of the Group or of the Bank to meet their obligations when they fall due; and

**Bank Muamalat Malaysia Berhad  
(Incorporated in Malaysia)**

**Other statutory information (cont'd.)**

(f) In the opinion of the directors: (cont'd.)

- (ii) no item, transaction or event of a material and unusual nature has arisen in the interval between the end of the financial period and the date of this report which is likely to affect substantially the results of the operations of the Group and of the Bank for the financial year in which this report is made.

**Compliance with Bank Negara Malaysia's Guidelines on Financial Reporting**

In the preparation of the financial statements, the directors have taken reasonable steps to ensure that the preparation of the financial statements of the Group and of the Bank are in compliance with the Bank Negara Malaysia's Guidelines on Financial Reporting for Islamic Financial Institutions and the Guidelines on Classification and Impairment Provisions for Financing.

**Business review 2020**

The Group recorded a profit before zakat and taxation of RM174.8 million for the financial year ended 31 December 2020, from RM140.3 million in the previous 9-month period ended December 2019. Period-on-period comparison for the twelve (12) months' result, showed a decline of 23.7% from a profit before tax of RM229.0 million registered in the previous corresponding period ended 31 December 2019 (the Group changed its year-end from March to December in FY2019). The lower profit before zakat and taxation registered in financial year ended 31 December 2020 was mainly the impact from modification loss incurred by the Bank arising from the financing payment moratorium, higher pre-emptive allowance for impairment on financing and impact of cuts in overnight policy rate on revenue margin.

Nevertheless, the Group has registered growth in total assets, which has expanded by 13.2% to RM25.8 billion, as compared against RM22.8 billion in the previous financial period. This was largely contributed by the RM2.3 billion increase in the financing to customers, mainly from the consumer banking section. The Group has continued to improve its asset quality with a Gross Impaired Financing positioned at 1.07% as at 31 December 2020 as compared to 1.31% registered as at 31 December 2019.

Regarding capital position, the Group's Common Equity Tier-1 Ratio and Total Capital Ratio remain stable, closing at 15.49% and 17.96%, respectively; well above regulatory requirements.

**Bank Muamalat Malaysia Berhad  
(Incorporated in Malaysia)**

**Prospects**

Overall, the World Bank expects the global economy to contract by 4.3% in 2020 (World Bank's Global Economic Prospect report released in January 2021). In line with this forecast, Malaysia's Gross Domestic Product (GDP) shrank by 5.6% in 2020, as indicated in the Bank Negara Malaysia ("BNM") Quarterly Report (Q4 2020).

Notwithstanding internal and external headwinds, the Malaysian financial sector is expected to remain sound and supportive of the domestic economy in 2021. The overall banking system's capitalisation level remains strong and robust. The Ministry of Finance (MOF) in its Economic Outlook 2021 report, forecast Malaysia's GDP is to grow in the range of 6.5% to 7.5%. The projection not only reflects the low base effects but also an ongoing normalisation in economic activity, expected to be supported by an expansionary government spending totalling an estimated 21% of the GDP. The availability of vaccines by end of February 2021 is deemed positive and an upside risk to the 2021 GDP forecast.

Against this backdrop, the Bank will re-prioritise its business strategies to move forward. In line with the ongoing implementation of RISE24<sup>1</sup>, i.e. the Bank's 5-Year Strategic Business Plan, the Bank will continue to uphold its asset quality, build buffers to defend against higher delinquencies, kick start an intensive recovery plan, and strengthen liquidity and capital management. It will also explore new growth areas and expand its distribution channels to remain competitive in the post pandemic landscape. The Bank will drive growth in high potential segments, innovate products to close the gaps in product offerings and leverage on technology to manage process and service efficiency.

Recognising the emerging risks associated with the current economic conditions, the Bank has taken the necessary steps to mitigate and minimise these risks, in accordance with BNM's guidelines. The Bank will continue to exercise effective Risk and Compliance Management programmes for a more robust enforcement of regulatory requirements and in managing legal and reputational risks. The Bank is also focusing on streamlining its business activities for continuous business resilience. Action plans are in place to cushion the impact of any potential adverse effects on the Bank's financial performance and balance sheet.

Moving forward, the Bank anticipates a better growth for the year, with overall asset expected to grow on the back of better prospects in overall domestic economic expansion. The Bank also forecasts its gross financing to increase for FY2021 due to anticipated growth in retail financing as the current low interest rate environment, which is beneficial for retail consumers, is expected to remain until year-end.

---

<sup>1</sup> RISE24 is a 5-Year Strategic Business Plan that focuses on seven (7) Strategic Focus Areas, embedded with risk and compliance culture and overarched by the value-based principles. The business plan will be supported by twenty-four (24) key strategies and will be implemented between years 2020 to 2024.

**Disclosure of Shariah Committee**

The Bank's business activities are required to be in full compliance with the Shariah requirements, as governed and guided by the Shariah Committee ("SC") consisting of a minimum of five (5) members appointed by the Board for a specified term. The duties and responsibilities of the Shariah Committee are prescribed by the Shariah Governance Policy Document issued by BNM. The key responsibilities of the Shariah Committee are as follows:

- (a) To have a charter that sets out the mandate, responsibilities and procedures of the SC including matters reserved for its decision or advice.
- (b) To provide objective and sound advice to the Bank to ensure that its aims and operations, business, affairs and activities are in compliance with Shariah. This includes:-
  - (i) to provide a decision or advice to the Bank on the application of any rulings of the Shariah Advisory Council ("SAC") or standards on Shariah matters that are applicable to the operations, business, affairs and activities of the Bank;
  - (ii) to provide a decision or advice on matters which require a reference to be made to the SAC;
  - (iii) to provide a decision or advice on the operations, business, affairs and activities of the Bank which may trigger a Shariah non-compliance event;
  - (iv) to deliberate and affirm a Shariah non-compliance finding by any relevant functions; and
  - (v) to endorse a rectification
- (c) To be accountable for the quality, accuracy and soundness of its own decision or advice.
- (d) To establish a robust methodology to guide its decision-making process. The SC must take into account relevant business and risk practices in arriving at a decision or advice.
- (e) Where the SC has reason to believe that any Shariah issues or matter may affect the safety and soundness of the Bank, the SC must immediately update the Board of Directors ("BOD") on such matter.
- (f) In cases where the SAC has not made any rulings on a particular matter or the SC is not able to arrive at a decision or advice, the Bank shall refer to the SAC for a ruling in accordance with *Manual Rujukan Institusi Kewangan Islam kepada Majlis Penasihat Syariah*. Any requests for a ruling or advice shall be communicated through the Secretariat of the SAC.

**Bank Muamalat Malaysia Berhad  
(Incorporated in Malaysia)**

**Disclosure of Shariah Committee (cont'd.)**

- (g) In the event where the SC decides or advises to place additional restrictions on the operations, business, affairs and activities of the Bank in applying the SAC rulings, the Bank must:-
- (i) document the deliberations and justifications of the SC decision or advice;
  - (ii) ascertain the BOD's views on the decision or advice made by the SC with regards to the SAC ruling; and
  - (iii) Ensure immediate notification to the BNM of such decision or advice.
- (h) The Bank shall ensure that any records of SC's decision or advice to be submitted to BNM, including a rectification plan to address a Shariah non-compliance event (under section 28(3) of the Islamic Financial Services Act ("IFSA") 2013, is supported with key deliberations, rationale and any significant concerns or dissenting views to the decision or advice.
- (i) In the event that the SC delegates any of its responsibilities to any persons or functions:-
- (i) The Bank must ensure that the mandate, areas of delegated authority and operating procedures are set out clearly in the SC's charter and the Bank's internal policies;
  - (ii) The Bank must establish reporting arrangements to keep the SC informed of the work, key deliberations and decisions on the delegated matters; and
  - (iii) The SC must remain fully accountable for the decisions and any ensuing implications arising from the delegated responsibility.
- (j) To exercise objectivity in coming up with his judgment and be free from associations or circumstances that may impair the exercise of his professional objectivity. In fulfilling his responsibility, a SC member must ensure that his judgment in arriving at a Shariah decision or advice is not affected by his other professional commitments.
- (k) To devote sufficient time to prepare for and attend SC meetings.
- (l) To ensure consistency in providing his views and must not act in a manner that would undermine the rulings of the SAC or any decisions of the SC that they represent.
- (m) To disclose the nature and extent of his interest that constitutes or gives rise to a conflict or potential conflict of interest upon the appointment, reappointment or as soon as there is any changes in his circumstances that may affect his status.
- (n) To continuously develop a reasonable understanding of the business and operations of the Bank and keep abreast with relevant market and regulatory developments. The chairman of the SC must lead efforts to manage the SC's developmental plans.

**Bank Muamalat Malaysia Berhad  
(Incorporated in Malaysia)**

**Zakat obligations**

The Bank pays zakat on its business to the state zakat authorities, based on the growth model method as approved by the Shariah Committee. The Bank does not pay zakat on behalf of the shareholders or depositors, unless upon request by depositors.

For the year ended 31 December 2020, the Group and the Bank have allocated an amount of RM4.36 million and RM4.28 million respectively, as provision for zakat.

**Auditors and auditors' remuneration**

The auditors' remuneration are disclosed in Note 37 to the financial statements.

The auditors, Ernst & Young PLT, have expressed their willingness to continue in office.

Signed on behalf of the Board in accordance with a resolution of the Board of Directors dated 17 March 2021.

**Bank Muamalat Malaysia Berhad  
(Incorporated in Malaysia)**

**Report of the Shariah Committee**

**In the name of Allah, The Most Beneficent, The Most Merciful**

In compliance with the letter of appointment, we are required to submit the following report:

We have reviewed the principles and the contracts relating to the transactions and applications introduced by the Bank during the year ended 31 December 2020. We have also conducted our review to form an opinion as to whether the Bank has complied with the Shariah principles and with the Shariah rulings issued by the Shariah Advisory Council of Bank Negara Malaysia, as well as Shariah decisions made by us.

The Management of the Bank is primarily responsible to ensure that the Bank conducts its business in accordance with Shariah principles. It is our responsibility to form an independent opinion, based on our review of the operations of the Bank and to report to you.

We planned and performed our review by obtaining all the information and explanations which we considered necessary in order to provide us with sufficient evidence to give reasonable assurance that the Bank has not violated the Shariah principles and to rectify to our reasonable satisfaction the matters that required improvements toward Shariah compliance.

To the best of our knowledge based on the information provided to us and discussions and decisions transpired and made in the meetings of or attended by the Shariah Committee of the Bank as have been detailed out in the relevant minutes of meetings and taking into account the advices and opinions given by the relevant experts, bodies and authorities, we are of the opinion that:

- (a) the contracts, transactions and dealings entered into by the Bank during the year ended 31 December 2020 that we have reviewed are in compliance with the Shariah principles;
- (b) the allocation of profit and charging of losses relating to investment accounts conform to the basis that had been approved by us in accordance with Shariah principles;
- (c) all earnings that have been realised from sources or by means prohibited by the Shariah principles have been identified and excluded from the Bank's income and were disposed for charitable causes as disclosed in Note 52; and
- (d) the financial statements of the Bank for the year ended 31 December 2020 together with the calculation of zakat disclosed to us are in compliance with Shariah principles.

**Bank Muamalat Malaysia Berhad  
(Incorporated in Malaysia)**

**Report of the Shariah Committee (cont'd.)**

We, the members of the Shariah Committee of Bank Muamalat Malaysia Berhad, to the best of our knowledge, do hereby confirm that the overall operations, business, affairs and activities of the Bank for the year ended 31 December 2020 are in compliance with Shariah principles but it has come to the Shariah Committee's attention that two (2) Shariah non-compliance events has occurred and has been rectified, detail as follows:

- i) One incident of zakat payment made to a different state zakat authority which was not as per the instruction in the Service Request Form (SRF).
- ii) Sponsorship granted to Shariah non-compliance event not as per the guideline approved by Shariah Committee of Bank Muamalat Malaysia Berhad.

We were informed on the causes for the events and noted that the Bank has taken the corrective as well as preventive measures in order to avoid recurring events in the future. We also confirmed that the events together with the rectification plans were presented to us and Board of Directors and reported to BNM in accordance with the reporting requirements by the regulator.

Signed on behalf of the Shariah Committee of Bank Muamalat Malaysia Berhad,

En. Azizi Che Seman  
Chairman of Shariah Committee

Kuala Lumpur, Malaysia  
29 March 2021

Dr. Mohd Shahid Mohd Noh  
Member of Shariah Committee

196501000376 (6175-W)

**Independent auditors' report to the members of  
Bank Muamalat Malaysia Berhad  
(Incorporated in Malaysia)**

**Report on the audit of the financial statements**

*Opinion*

We have audited the financial statements of Bank Muamalat Malaysia Berhad, which comprise the statements of financial position as at 31 December 2020 of the Group and of the Bank, and the statements of profit or loss, statements of other comprehensive income, statements of changes in equity and statements of cash flows of the Group and of the Bank for the year then ended, and notes to the financial statements, including a summary of significant accounting policies, as set out on pages 18 to 221.

In our opinion, the accompanying financial statements give a true and fair view of the financial position of the Group and of the Bank as at 31 December 2020, and of their financial performance and their cash flows for the year then ended in accordance with Malaysian Financial Reporting Standards, International Financial Reporting Standards and the requirements of the Companies Act 2016 in Malaysia.

*Basis for opinion*

We conducted our audit in accordance with approved standards on auditing in Malaysia and International Standards on Auditing. Our responsibilities under those standards are further described in the *Auditors' responsibilities for the audit of the financial statements* section of our report. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

*Independence and other ethical responsibilities*

We are independent of the Group and of the Bank in accordance with the By-Laws (on Professional Ethics, Conduct and Practice) of the Malaysian Institute of Accountants ("By-Laws") and the International Code of Ethics for Professional Accountants (including International Independence Standards) ("IESBA Code"), and we have fulfilled our other ethical responsibilities in accordance with the By-Laws and the IESBA Code.

*Information other than the financial statements and auditors' report thereon*

The directors of the Bank are responsible for the other information. The other information comprises the Directors' Report and the Annual Report, but does not include the financial statements of the Group and of the Bank and our auditors' report thereon. The Annual Report is expected to be made available to us after the date of this auditors' report.

Our opinion on the financial statements of the Group and of the Bank does not cover the other information and we do not express any form of assurance conclusion thereon.

Building a better  
working world

196501000376 (6175-W)

**Independent auditors' report to the members of  
Bank Muamalat Malaysia Berhad (cont'd.)  
(Incorporated in Malaysia)**

*Information other than the financial statements and auditors' report thereon (cont'd.)*

In connection with our audit of the financial statements of the Group and of the Bank, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements of the Group and of the Bank or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard on the Directors' Report.

When we read the Annual Report, if we conclude that there is material misstatement therein, we are required to communicate the matter to the directors of the Bank and take appropriate action.

*Responsibilities of the directors for the financial statements*

The directors of the Bank are responsible for the preparation of financial statements of the Group and of the Bank that give a true and fair view in accordance with Malaysian Financial Reporting Standards, International Financial Reporting Standards and the requirements of the Companies Act 2016 in Malaysia. The directors are also responsible for such internal control as the directors determine is necessary to enable the preparation of financial statements of the Group and of the Bank that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements of the Group and of the Bank, the directors are responsible for assessing the Group's and the Bank's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the Group or the Bank or to cease operations, or have no realistic alternative but to do so.

*Auditors' responsibilities for the audit of the financial statements*

Our objectives are to obtain reasonable assurance about whether the financial statements of the Group and of the Bank as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with approved standards on auditing in Malaysia and International Standards on Auditing will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

Building a better  
working world

196501000376 (6175-W)

**Independent auditors' report to the members of  
Bank Muamalat Malaysia Berhad (cont'd.)  
(Incorporated in Malaysia)**

*Auditors' responsibilities for the audit of the financial statements (cont'd.)*

As part of an audit in accordance with approved standards on auditing in Malaysia and International Standards on Auditing, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements of the Group and of the Bank, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's and of the Bank's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the directors.
- Conclude on the appropriateness of the directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's or the Bank's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the financial statements of the Group and of the Bank or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Group or the Bank to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements of the Group and of the Bank, including the disclosures, and whether the financial statements of the Group and of the Bank represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the financial statements of the Group. We are responsible for the direction, supervision and performance of the group audit. We remain solely responsible for our audit opinion.

Building a better  
working world

**Bank Muamalat Malaysia Berhad  
(Incorporated in Malaysia)**

**Notes to the financial statements - 31 December 2020 (16 Jamadil Awal 1442H)**

**1. Corporate information**

Bank Muamalat Malaysia Berhad (the "Bank") is principally engaged in all aspects of Islamic banking business and related financial services in accordance with Shariah principles.

The principal activities of the subsidiaries are as disclosed in Note 11.

There have been no significant changes in the nature of these activities during the financial year.

The Bank is a licensed Islamic Bank under the Islamic Financial Service Act, 2013 ("IFSA"), incorporated and domiciled in Malaysia. The registered office of the Bank is located at 20th Floor, Menara Bumiputra, Jalan Melaka, 50100 Kuala Lumpur.

The holding and ultimate holding companies of the Bank are DRB-HICOM Berhad and Etika Strategi Sdn. Bhd. respectively, both of which are incorporated in Malaysia. DRB-HICOM Berhad, is a public limited liability company listed on the Main Market of Bursa Malaysia Securities Berhad. DRB-Hicom Berhad holds 70% of the Bank's shares, whilst the remaining 30% is held by Khazanah Nasional Berhad.

Following the approval by the Board of Directors, in its resolution dated 1 August 2019, on the change of the financial year end from 31 March to 31 December, the previous financial period covered in the financial statements was for a period of nine months from 1 April 2019 to 31 December 2019. Consequently, the comparatives for the statements of profit or loss, statements of other comprehensive income, statements of changes in equity and statements of cash flows as well as their notes to the financial statements of the Group and the Bank are not comparable to those of the current financial year ended 31 December 2020.

The financial statements were authorised for issuance by the Board of Directors in accordance with a resolution of the Board of Directors on 17 March 2021.

**2. Significant accounting policies**

**2.1 Basis of preparation**

The financial statements of the Bank and its subsidiaries (the "Group") have been prepared in accordance with the Malaysian Financial Reporting Standards ("MFRS"), International Financial Reporting Standards ("IFRS"), and the requirements of the Companies Act, 2016 in Malaysia.

The financial statements are presented in Ringgit Malaysia ("RM") and rounded to the nearest thousand (RM'000) except when otherwise indicated.

**Bank Muamalat Malaysia Berhad  
(Incorporated in Malaysia)**

**Notes to the financial statements - 31 December 2020 (16 Jamadil Awal 1442H)**

**2. Significant accounting policies (cont'd.)**

**2.1 Basis of preparation (cont'd.)**

The financial statements of the Group and of the Bank are prepared under the historical cost basis, unless otherwise indicated in the respective accounting policies highlighted in the following pages.

The Group and the Bank present the statements of financial position in order of liquidity.

**2.2 Basis of consolidation**

The consolidated financial statements comprise the financial statements of the Bank and its subsidiaries as at 31 December 2020.

The financial statements of the Bank's subsidiaries are prepared for the same reporting date as the Bank, using consistent accounting policies to classify transactions and events in similar circumstances. Subsidiaries are consolidated from the date of acquisition, being the date on which the Bank obtains control and continue to be consolidated until the date that such control effectively ceases. Control is achieved where the Group has the power to govern the financial and operating policies of an entity so as to obtain benefits from its activities. The Group controls an investee, if and only if, the Group has the following three (3) elements of control:

- Power over the investee (i.e. existing rights that give it the current ability to direct the relevant activities of the investee);
- Exposure, or rights, to variable returns from its involvement with the investee; and
- The ability to use its power over the investee to affect its returns.

The Group reassesses whether or not it controls an investee if facts and circumstances indicate that there are changes to one or more of the three (3) elements of control.

Generally, there is a presumption that majority of voting rights result in control. To support this presumption, and when the Group has less than a majority of the voting or similar rights of an investee, the Group considers all relevant facts and circumstances in assessing whether it has power over an investee, including:

- Contractual arrangement with the other vote holders of the investee;
- Rights arising from other contractual arrangements; and
- The Group's voting rights and potential voting rights.

All intra-group balances, income and expenses and unrealised gains and losses resulting from intra-group transactions are eliminated in full.

**Bank Muamalat Malaysia Berhad  
(Incorporated in Malaysia)**

**Notes to the financial statements - 31 December 2020 (16 Jamadil Awal 1442H)**

**2. Significant accounting policies (cont'd.)**

**2.2 Basis of consolidation (cont'd.)**

A change in the ownership interest of a subsidiary, without loss of control, is accounted for as an equity transaction. If the Group loses control over a subsidiary, it:

- Derecognises the assets (including goodwill) and liabilities of the subsidiary at their carrying amounts;
- Derecognises the carrying amount of any non-controlling interest in the former subsidiary;
- Derecognises the cumulative foreign exchange translation differences recorded in equity;
- Recognises the fair value of the consideration received;
- Recognises the fair value of any investment retained in the former subsidiary;
- Recognises any surplus or deficit in the statement of profit or loss; and
- Reclassifies the parent's share of components previously recognised in other comprehensive income to statement of profit or loss or retained earnings, if required in accordance with other MFRSs.

All of the above will be accounted for on the date when control is lost.

**2.3 Summary of significant accounting policies**

**(a) Investment in subsidiaries**

Subsidiaries are entities over which the Group has the ability to control the financial and operating policies so as to obtain benefits from their activities. The existence and effect of potential voting rights that are currently exercisable or convertible are considered when assessing whether the Group has such power over another entity.

In the Bank's separate financial statements, investments in subsidiaries are stated at cost less impairment losses. On disposal of such investments, the difference between net disposal proceeds and their carrying amounts is recognised in statement of profit or loss.

**Bank Muamalat Malaysia Berhad  
(Incorporated in Malaysia)**

**Notes to the financial statements - 31 December 2020 (16 Jamadil Awal 1442H)**

**2. Significant accounting policies (cont'd.)**

**2.3 Summary of significant accounting policies (cont'd.)**

**(b) Financial assets**

**(i) Initial recognition and subsequent measurement**

The Group and the Bank classify all of its financial assets based on the business model for managing the assets and the assets' contractual cash flow characteristics. All financial assets are recognised initially at fair value plus directly attributable transaction costs, except in the case of financial assets recorded at fair value through profit or loss.

The categories of financial assets under MFRS 9 are as follows:

- Amortised cost;
- Fair value through other comprehensive income ("FVOCI"); and
- Fair value through profit or loss ("FVTPL").

**(1) Financial assets at amortised cost**

The Group and the Bank measure financial assets at amortised cost if both of the following conditions are met:

- The contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and profit ("SPPP") on the principal amount outstanding; and
- The financial asset is held within a business model with the objective to hold financial assets in order to collect contractual cash flows.

The details of these conditions are outlined below:

**(i) The SPPP test**

As a first step of its classification process, the Group and the Bank assess the contractual terms of financial assets to identify whether they meet the SPPP test.

**Bank Muamalat Malaysia Berhad  
(Incorporated in Malaysia)**

**Notes to the financial statements - 31 December 2020 (16 Jamadil Awal 1442H)**

**2. Significant accounting policies (cont'd.)**

**2.3 Summary of significant accounting policies (cont'd.)**

**(b) Financial assets (cont'd.)**

**(i) Initial recognition and subsequent measurement (cont'd.)**

**(1) Financial assets at amortised cost (cont'd.)**

**(i) The SPPP test (cont'd.)**

'Principal' for the purpose of this test is defined as the fair value of the financial asset at initial recognition and may change over the life of the financial asset (for example, if there were payments of principal or amortisation of the premium/discount).

The most significant elements of profit within a financing arrangement are typically the consideration for the time value of money and credit risk. To make the SPPP assessment, the Group and the Bank apply judgement and consider relevant factors such as the currency in which the financial asset is denominated, and the period for which the profit rate is set.

In contrast, contractual terms that introduce a more than *de minimis* exposure to risks or volatility in the contractual cash flows that are unrelated to a basic financing arrangement do not give rise to contractual cash flows that are solely payments of principal and profit on the amount outstanding. In such cases, the financial asset is required to be measured at FVTPL.

**(ii) Business model assessment**

The Group and the Bank determine its business model at the level that best reflects how groups of financial assets are managed to achieve its business objective.

The Group's and the Bank's business model is not assessed on an instrument-by-instrument basis, but at a higher level of aggregated portfolios and is based on observable factors such as:

**Bank Muamalat Malaysia Berhad  
(Incorporated in Malaysia)**

**Notes to the financial statements - 31 December 2020 (16 Jamadil Awal 1442H)**

**2. Significant accounting policies (cont'd.)**

**2.3 Summary of significant accounting policies (cont'd.)**

**(b) Financial assets (cont'd.)**

**(i) Initial recognition and subsequent measurement (cont'd.)**

**(1) Financial assets at amortised cost (cont'd.)**

The details of these conditions are outlined below: (cont'd.)

**(ii) Business model assessment (cont'd.)**

- The way the performance of the business model and the financial assets held within that business model are evaluated and reported to the key management personnel.
- The risks that affect the performance of the business model (and the financial assets held within that business model) and, in particular, the way those risks are managed.
- The way the managers of the business are compensated (for example, whether the compensation is based on the fair value of the assets managed or on the contractual cash flows collected).
- The expected frequency, value and timing of sales which are also important aspects of the Group's and the Bank's assessment.
- The business model assessment is based on reasonably expected scenarios without taking 'worst case' or 'stress case' scenarios into account. If cash flows after initial recognition are realised in a way that is different from the Group's and the Bank's original expectations, the Group and the Bank do not change the classification of the remaining financial assets held in that business model, but incorporate such information when assessing newly originated or newly purchased financial assets going forward.

Included in financial assets at amortised cost are cash and short-term funds, cash and placements with financial institutions, financial investments, financing of customers, statutory deposits and a portion of other assets as disclosed in the respective notes to the financial statements.

**Bank Muamalat Malaysia Berhad  
(Incorporated in Malaysia)**

**Notes to the financial statements - 31 December 2020 (16 Jamadil Awal 1442H)**

**2. Significant accounting policies (cont'd.)**

**2.3 Summary of significant accounting policies (cont'd.)**

**(b) Financial assets (cont'd.)**

**(i) Initial recognition and subsequent measurement (cont'd.)**

**(2) Financial assets at fair value through other comprehensive income ("FVOCI")**

The Group and the Bank apply the new category under MFRS 9 of debt instruments measured at FVOCI when both of the following conditions are met:

- The contractual terms of the financial assets meet the SPPP test; and
- The instrument is held within a business model, the objective of which is achieved by both collecting contractual cash flows and selling financial assets.

Financial assets at FVOCI are subsequently measured at fair value with gains and losses arising due to changes in fair value recognised in the Other Comprehensive Income ("OCI"). Profit income and foreign exchange gains and losses are recognised in profit or loss in the same manner as for financial assets measured at amortised cost. Where the Group and the Bank hold more than one investment in the same security, they are deemed to be disposed off on a first-in-first-out basis. Upon derecognition, cumulative gains or losses previously recognised in OCI are reclassified from OCI to profit or loss.

Equity instruments are normally measured at FVTPL. However, for non-traded equity instruments, with an irrevocable option at inception, the Group and the Bank measure the changes through FVOCI (without recycling profit or loss upon derecognition).

Included in financial assets at FVOCI are certain equity and debt instruments.

**Bank Muamalat Malaysia Berhad  
(Incorporated in Malaysia)**

**Notes to the financial statements - 31 December 2020 (16 Jamadil Awal 1442H)**

**2. Significant accounting policies (cont'd.)**

**2.3 Summary of significant accounting policies (cont'd.)**

**(b) Financial assets (cont'd.)**

**(i) Initial recognition and subsequent measurement (cont'd.)**

**(3) Financial assets at fair value through profit or loss ("FVTPL")**

Financial assets at FVTPL are those that are held-for-trading and have been either designated by the Group and the Bank upon initial recognition or are mandatorily required to be measured at fair value under MFRS 9.

The Group and the Bank designate an instrument at FVTPL upon initial recognition when one of the following criteria is met. Such designation is determined on an instrument-by-instrument basis:

- The designation eliminates or significantly reduces the inconsistent treatment that would otherwise arise from measuring the assets or liabilities or recognising gains or losses on them on a different basis; or
- The assets and liabilities are part of a group of financial assets, financial liabilities or both, which are managed and their performance evaluated on a fair value basis, in accordance with a documented risk management or investment strategy.

Included in financial assets at FVTPL are financial investments, financial assets designated upon initial recognition, financing of customers and derivatives.

Subsequent to initial recognition, financial assets held-for-trading and financial assets designated at FVTPL are recorded in the statement of financial position at fair value. Changes in fair value are recognised in the profit or loss under the caption of 'other operating income'.

**Bank Muamalat Malaysia Berhad  
(Incorporated in Malaysia)**

**Notes to the financial statements - 31 December 2020 (16 Jamadil Awal 1442H)**

**2. Significant accounting policies (cont'd.)**

**2.3 Summary of significant accounting policies (cont'd.)**

**(b) Financial assets (cont'd.)**

**(ii) Derecognition**

A financial asset is derecognised when:

- The rights to receive cash flows from asset have expired.
- The Group and the Bank have transferred their rights to receive cash flows from the asset or have assumed an obligation to pay the received cash flows in full without material delay to a third party under a "pass through" arrangement; and either:
  - The Group and the Bank have transferred substantially all the risks and rewards of the asset; or
  - The Group and the Bank have neither transferred nor retained substantially all the risks and rewards of the assets, but has transferred control of the financial asset.

When the Group and the Bank have transferred their rights to receive cash flows from a financial asset or have entered into a pass through arrangement, and have neither transferred nor retained substantially all the risks and rewards of the asset nor transferred control of the financial asset, the financial asset is recognised to the extent of the Group's and the Bank's continuing involvement in the financial asset. In that case, the Group and the Bank also recognise an associated liability. The transferred asset and associated liability are measured on a basis that reflects the rights and obligations that the Group and the Bank have retained.

**(iii) Impairment of financial assets**

The MFRS 9 impairment requirements are based on an Expected Credit Loss ("ECL") model. The ECL model applies to financial assets measured at amortised cost or at FVOCI (with recycling to profit or loss), irrevocable financing commitments and financial guarantee contracts, and financing of customers and debt instruments held by the Group and the Bank. The ECL model also applies to contract assets under MFRS 15 *Revenue from Contracts with Customers* and lease receivables under MFRS 117 *Leases*.

**Bank Muamalat Malaysia Berhad  
(Incorporated in Malaysia)**

**Notes to the financial statements - 31 December 2020 (16 Jamadil Awal 1442H)**

**2. Significant accounting policies (cont'd.)**

**2.3 Summary of significant accounting policies (cont'd.)**

**(b) Financial assets (cont'd.)**

**(iii) Impairment of financial assets (cont'd.)**

The measurement of ECL involves increased complexity and judgement that include:

**(1) Determining a significant increase in credit risk since initial recognition**

The assessment of significant deterioration since initial recognition is critical in establishing the point of switching between the requirement to measure an allowance based on 12-month ECL and one that is based on lifetime ECL. The quantitative and qualitative assessments are required to estimate the significant increase in credit risk by comparing the risk of a default occurring on the financial assets as at reporting date with the risk of default occurring on the financial assets as at the date of initial recognition.

The Group and the Bank apply a 3-stage approach based on the change in credit quality since initial recognition:

3-Stage Approach	Stage 1	Stage 2	Stage 3
	Performing	Under-performing	Non-performing
ECL Approach	12-month ECL	Lifetime ECL	Lifetime ECL
Criterion	No significant increase in credit risk	Credit risk increased significantly	Credit-impaired assets
Recognition of profit income	On gross carrying amount	On gross carrying amount	On net carrying amount

**Bank Muamalat Malaysia Berhad  
(Incorporated in Malaysia)**

**Notes to the financial statements - 31 December 2020 (16 Jamadil Awal 1442H)**

**2. Significant accounting policies (cont'd.)**

**2.3 Summary of significant accounting policies (cont'd.)**

**(b) Financial assets (cont'd.)**

**(iii) Impairment of financial assets (cont'd.)**

**(2) ECL Measurement**

There are three (3) main components to measure ECL, which include: (i) probability of default ("PD") model; (ii) loss given default ("LGD") model; and (iii) exposure at default ("EAD") model.

MFRS 9 does not distinguish between individual assessment and collective assessment. Therefore, the Group and the Bank have decided to continue to measure the impairment mainly on an individual transaction basis for financial assets that are deemed to be individually significant.

**(3) Expected life**

Lifetime ECL must be measured over the expected life of the financial asset. This is restricted to the maximum contractual life and takes into account expected prepayment, extension, call and similar options, except for certain revolving financial instruments such as overdraft. The expected life for these revolving facilities generally refers to their behavioural life.

**(4) Forward looking information**

ECL are the unbiased probability-weighted credit losses determined by evaluating a range of possible outcomes and considering future economic conditions. The reasonable and supportable forward looking information is based on the collation of macroeconomic data obtained from various external sources, such as, but not limited to regulators, government and foreign ministries as well as independent research organisations.

Where applicable, the Bank incorporates forward-looking adjustments in credit risk factors of PD and LGD used in the ECL calculation; taking into account the impact of multiple probability-weighted future forecast economic scenarios.

Embedded in ECL is a broad range of forward-looking information as economic inputs, such as:

**Bank Muamalat Malaysia Berhad  
(Incorporated in Malaysia)**

**Notes to the financial statements - 31 December 2020 (16 Jamadil Awal 1442H)**

**2. Significant accounting policies (cont'd.)**

**2.3 Summary of significant accounting policies (cont'd.)**

**(b) Financial assets (cont'd.)**

**(iii) Impairment of financial assets (cont'd.)**

**(4) Forward looking information (cont'd.)**

- Consumer Price Index;
- Unemployment rates;
- House Price Indices; and
- Overnight Policy Rate.

The Bank applies the following three (3) alternative macroeconomic scenarios to reflect an unbiased probability-weighted range of possible future outcomes in estimating ECL:

*Base scenario*: This scenario reflects that current macroeconomic conditions continue to prevail; and

*Upside and Downside scenarios*: These scenarios are set relative to the base scenario, reflecting best and worst-case macroeconomic conditions based on subject matter expert's best judgement from current economic conditions.

**(5) Financial investments at FVOCI**

The ECL for financial investments measured at FVOCI does not reduce the carrying amount of these financial assets in the statement of financial position, which remains at fair value. Instead, an amount equal to the allowance that would arise if the assets were measured at amortised cost is recognised in OCI as an accumulated impairment amount, with a corresponding charge to profit or loss. The accumulated loss recognised in OCI is recycled to the profit and loss upon derecognition of the assets.

**(6) Valuation of collateral held as security for financial assets**

The amount and type of collateral required depends on assessment of credit risk of the counterparty. Guidelines are implemented regarding the acceptability of types and collateral and valuation parameters.

The main types of collateral obtained by the Group and the Bank are as follows:

- For home financing - mortgages over residential properties;

**Bank Muamalat Malaysia Berhad  
(Incorporated in Malaysia)**

**Notes to the financial statements - 31 December 2020 (16 Jamadil Awal 1442H)**

**2. Significant accounting policies (cont'd.)**

**2.3 Summary of significant accounting policies (cont'd.)**

**(b) Financial assets (cont'd.)**

**(iii) Impairment of financial assets (cont'd.)**

**(6) Valuation of collateral held as security for financial assets (cont'd.)**

- For syndicated financing - charges over the properties being financed;
- For hire purchase financing - charges over the vehicles financed; and
- For other financing - charges over business assets such as premises, inventories, trade receivables or deposits.

**(7) Impairment process – written-off accounts**

Where a financing is uncollectible, it is written-off against the related allowances for impairment. Such financing are written-off after the necessary procedures have been completed and the amount of the loss has been determined. Subsequent recoveries of the amounts previously written-off are recognised in the statements of profit or loss.

**(8) Impairment of other financial assets**

The Group and the Bank apply the MFRS 9 simplified approach to measure expected credit losses, which uses a lifetime expected loss allowance for other financial assets. The simplified approach excludes tracking of changes in credit risk.

**(iv) Determination of fair value**

For financial instruments measured at fair value, the fair value is determined by reference to quoted market prices or by using valuation models. For financial instruments with observable market prices, which are traded in active markets, the fair values are based on their quoted market price or dealer price quotations.

For all other financial instruments, fair value is determined using appropriate valuation techniques. In such cases, the fair values are estimated using discounted cash flow models and option pricing models, and based on observable data in respect of similar financial instruments and using inputs (such as yield curves) existing as at reporting date. The Bank generally uses widely recognised valuation models with market observable inputs for the determination of fair values, due to the low complexity of financial instruments held; with exception to investment in private equity funds.

**Bank Muamalat Malaysia Berhad  
(Incorporated in Malaysia)**

Notes to the financial statements - 31 December 2020 (16 Jamadil Awal 1442H)

**2. Significant accounting policies (cont'd.)**

**2.3 Summary of significant accounting policies (cont'd.)**

**(c) Financial liabilities**

**(i) Date of recognition**

All financial liabilities are initially recognised on the trade date, i.e. the date that the Group and the Bank become a party to the contractual provision of the instruments.

**(ii) Initial recognition and subsequent measurement**

Financial liabilities are classified according to the substance of the contractual arrangements entered into and the definitions of a financial liability.

Financial liabilities are classified as either financial liabilities at FVTPL or at amortised cost.

**(1) Financial liabilities at FVTPL**

Financial liabilities at FVTPL include financial liabilities held-for-trading and financial liabilities designated upon initial recognition as at FVTPL.

Financial liabilities held-for-trading include derivatives entered into by the Group and the Bank that do not meet the hedge accounting criteria. Derivative liabilities are initially and subsequently measured at fair value, with any resultant gains or losses recognised in statements of profit or loss. Net gains or losses on derivatives include exchange differences.

**(2) Financial liabilities at amortised cost**

The Group's and the Bank's financial liabilities at amortised cost include deposits from customers, deposits and placements of banks and other financial institutions, debt securities, payables, bills and acceptances payable, recourse obligation on financing sold to Cagamas and other liabilities.

**(a) Deposits from customers, and deposits and placements of banks and other financial institutions**

Deposits from customers, and deposits and placements of banks and other financial institutions are stated at placement values.

**Bank Muamalat Malaysia Berhad  
(Incorporated in Malaysia)**

**Notes to the financial statements - 31 December 2020 (16 Jamadil Awal 1442H)**

**2. Significant accounting policies (cont'd.)**

**2.3 Summary of significant accounting policies (cont'd.)**

**(c) Financial liabilities (cont'd.)**

**(ii) Initial recognition and subsequent measurement (cont'd.)**

**(2) Financial liabilities at amortised cost (cont'd.)**

**(b) Islamic debt securities**

Issued Islamic debt securities are classified as financial liabilities or equity in accordance with the substance of the contractual terms of the instruments. The Group's and the Bank's debt securities consist of subordinated sukuk and senior sukuk.

These Islamic debt securities are classified as liabilities in the statement of financial position as there is a contractual obligation by the Group and the Bank to make cash payments of either principal or profit or both to holders of the debt securities and that the Group and the Bank are contractually obliged to settle the financial instrument in cash or another financial instrument.

Subsequent to initial recognition, all issued Islamic debt securities are recognised at amortised cost, with any difference between proceeds net of transaction costs and the redemption value being recognised in the statement of profit or loss over the period of the financing on an effective profit rate method.

**(c) Payables**

Payables are recognised initially at fair value plus directly attributable transaction costs and subsequently measured at amortised cost using the effective profit rate method.

**(d) Bills and acceptances payable**

Bills and acceptances are recognised at amortised cost using effective profit rate method. Payables represent the Group's and the Bank's own bills and acceptances rediscounted and outstanding in the market.

**Bank Muamalat Malaysia Berhad  
(Incorporated in Malaysia)**

**Notes to the financial statements - 31 December 2020 (16 Jamadil Awal 1442H)**

**2. Significant accounting policies (cont'd.)**

**2.3 Summary of significant accounting policies (cont'd.)**

**(c) Financial liabilities (cont'd.)**

**(ii) Initial recognition and subsequent measurement (cont'd.)**

**(2) Financial liabilities at amortised cost (cont'd.)**

**(e) Other liabilities**

Other liabilities are stated at cost, which is the fair value of the consideration expected to be paid in the future for goods and services received.

**(f) Recourse obligation on financing sold to Cagamas**

Recourse obligations on financing sold to Cagamas are recognised initially at fair value, net of transaction costs incurred, and subsequently measured at amortised cost using the effective profit method.

**(iii) Derecognition**

A financial liability is derecognised when the obligation under the liability is redeemed or otherwise extinguished. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as a derecognition of the original liability and the recognition of a new liability, and the difference in the respective carrying amounts is recognised in the statements of profit or loss.

**(d) Derivative instruments and hedge accounting**

**(i) Derivative instruments**

The Group and the Bank use derivatives such as profit rate swap and forward foreign exchange contracts.

**Bank Muamalat Malaysia Berhad  
(Incorporated in Malaysia)**

**Notes to the financial statements - 31 December 2020 (16 Jamadil Awal 1442H)**

**2. Significant accounting policies (cont'd.)**

**2.3 Summary of significant accounting policies (cont'd.)**

**(d) Derivative instruments and hedge accounting (cont'd.)**

**(i) Derivative instruments (cont'd.)**

Derivative instruments are initially recognised at fair value, which is normally zero or negligible at inception for non-option derivatives and equivalent to the market premium paid or received for purchased or written options. The derivatives are subsequently re-measured at their fair value. Fair values are obtained from quoted market prices in active markets, including recent market transactions and valuation techniques that include discounted cash flow models and option pricing models, as appropriate.

All derivative financial instruments are measured at fair value and are carried as assets when the fair value is positive and as liabilities when the fair value is negative. Any gains or losses arising from changes in the fair value of the derivatives are recognised in the statements of profit or loss unless these form part of a hedging relationship.

**(ii) Hedge accounting**

The Group and the Bank have elected an accounting policy choice under MFRS 9 to continue to apply the hedge accounting requirements under MFRS 139 on the adoption of MFRS 9 on 1 April 2018.

The Group and the Bank use derivative instruments to manage exposures to profit rate and foreign currency risks. In order to manage particular risks, the Group and the Bank apply hedge accounting for transactions which meet specified criteria.

At the inception of the hedge relationship, the Group and the Bank formally document the relationship between the hedged item and the hedging instrument, including the nature of the risk, the objective and strategy for undertaking the hedge, and the method that will be used to assess the effectiveness of the hedging relationship.

**(1) Fair value hedge**

Where a derivative financial instrument hedges the changes in fair value of a recognised asset or liability, any gain or loss on the hedging instrument is recognised in the statements of profit or loss. The hedged item is also stated at fair value in respect of the risk being hedged, with any gain or loss being recognised in the statements of profit or loss.

**Bank Muamalat Malaysia Berhad  
(Incorporated in Malaysia)**

**Notes to the financial statements - 31 December 2020 (16 Jamadil Awal 1442H)**

**2. Significant accounting policies (cont'd.)**

**2.3 Summary of significant accounting policies (cont'd.)**

**(d) Derivative instruments and hedge accounting (cont'd.)**

**(ii) Hedge accounting (cont'd.)**

**(1) Fair value hedge (cont'd.)**

If the hedging instrument expires or is sold, terminated or exercised or where the hedge no longer meets the criteria for hedge accounting, the hedge relationship is terminated. For hedged items recorded at amortised cost, the difference between the carrying value of the hedged item on termination and the face value is amortised over the remaining term of the original hedge using the effective profit rate. If the hedged item is derecognised, the unamortised fair value adjustment is recognised immediately in the statements of profit or loss.

**(2) Cash flow hedge**

For designated and qualifying cash flow hedges, the effective portion of the gain or loss on the hedging instrument is initially recognised directly in other comprehensive income into cash flow hedge reserve. The ineffective portion of the gain or loss on the hedging instrument is recognised immediately in statements of profit or loss. When the hedged cash flow affects the statements of profit or loss, the gain or loss on the hedging instrument previously recognised in other comprehensive income are reclassified from equity and is recorded in the corresponding income or expense line of the statements of profit or loss.

When a hedging instrument expires, or is sold, terminated, exercised or when a hedge no longer meets the criteria for hedge accounting, any cumulative gain or loss exist in other comprehensive income at that time remains in other comprehensive income and is recognised when the hedged forecast transaction is ultimately recognised in the statements of profit or loss.

When a forecast transaction is no longer expected to occur, the cumulative gain or loss that was reported in other comprehensive income is immediately transferred to the statements of profit or loss.

The Group and the Bank did not apply cash flow hedge as at the financial year end.

**Bank Muamalat Malaysia Berhad  
(Incorporated in Malaysia)**

**Notes to the financial statements - 31 December 2020 (16 Jamadil Awal 1442H)**

**2. Significant accounting policies (cont'd.)**

**2.3 Summary of significant accounting policies (cont'd.)**

**(e) Foreclosed properties**

Foreclosed properties are those properties acquired in full or partial satisfaction of financing and are stated at the lower of cost and net realisable value and reported within other assets.

**(f) Investment properties**

Investment properties, comprising principally land and shoplots, are held for long term rental yields or for capital appreciation or both, and are not occupied by the Group and the Bank.

Investment properties are measured initially at cost, including transaction costs. Subsequent to initial recognition, investment properties are stated at fair value, representing open-market value determined annually by registered independent valuer having appropriate recognised professional qualification. Fair value is based on active market prices, adjusted, if necessary, for any difference in the nature, location or condition of the specific asset. If this information is not available, the Group and the Bank use alternative valuation methods such as recent prices of less active markets or discounted cash flow projections. Changes in fair values are On disposal of an investment property, or when it is permanently withdrawn from use or no future economic benefits are expected from its disposal, it shall be derecognised. The difference between the net disposal proceeds and the carrying amount is recognised in statement of profit or loss in the period of the retirement or upon disposal.

**(g) Intangible assets**

Intangible assets include computer software and software under development.

An intangible asset is recognised only when its cost can be measured reliably and it is probable that the expected future economic benefits that are attributable to it will flow to the Group and the Bank. Intangible assets acquired separately are measured on initial recognition at cost. The cost of intangible assets acquired in a business combination is their fair value as at the date of acquisition. Following initial recognition, intangible assets are carried at cost less any accumulated amortisation and any accumulated impairment losses, except for software under development which are not subject to amortisation.

**Bank Muamalat Malaysia Berhad  
(Incorporated in Malaysia)**

**Notes to the financial statements - 31 December 2020 (16 Jamadil Awal 1442H)**

**2. Significant accounting policies (cont'd.)**

**2.3 Summary of significant accounting policies (cont'd.)**

**(g) Intangible assets (cont'd.)**

The useful lives of intangible assets are assessed as either finite or infinite. Intangible assets with finite lives are amortised over the useful economic life. Intangibles with finite lives or not yet available for use are assessed for impairment whenever there is an indication that the intangible asset may be impaired. The amortisation year and the amortisation method for an intangible asset with a finite useful life are reviewed at least at each financial year end. Changes in the expected useful life or the expected pattern of consumption of future economic benefits embodied in the intangible asset are accounted for by changing the amortisation year or method, as appropriate and treated as changes in accounting estimates. The amortisation expense on intangible assets with finite lives is recognised in the statements of profit or loss in the expense category consistent with the function of the intangible asset.

Amortisation of intangible asset is provided for on a straight-line basis over the estimated useful lives of the assets, as follows:

- Computer software is amortised over its estimated finite useful lives ranging from three (3) to ten (10) years.

**(h) Property, plant and equipment**

All items of property, plant and equipment are initially recorded at cost. Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Group and the Bank and the cost of the item can be measured reliably. When significant parts of property, plant and equipment are required to be replaced in intervals, the Group and the Bank recognise such parts as individual assets with specific useful lives and depreciation respectively. Likewise, when a major inspection is performed, its cost is recognised in the carrying amount of the plant and equipment as a replacement if the recognition criteria are satisfied. All other repair and maintenance costs are recognised in the statements of profit or loss as incurred.

Subsequent to initial recognition, property, plant and equipment are stated at cost less accumulated depreciation and any accumulated impairment losses.

Freehold land has unlimited useful life and therefore is not depreciated. Work-in-progress property, plant and equipment are also not depreciated until the assets are ready for their intended use.

**Bank Muamalat Malaysia Berhad  
(Incorporated in Malaysia)**

**Notes to the financial statements - 31 December 2020 (16 Jamadil Awal 1442H)**

**2. Significant accounting policies (cont'd.)**

**2.3 Summary of significant accounting policies (cont'd.)**

**(h) Property, plant and equipment (cont'd.)**

Depreciation of other property, plant and equipment is provided for on a straight-line basis over the estimated useful lives of the assets as follows:

Buildings on freehold land	33 years
Buildings on leasehold land and leasehold land	33 years or remaining life of the lease, whichever is shorter
Office furniture and equipment	6 to 7 years
Buildings improvements and renovations	5 years
Motor vehicles	5 years
Computer equipment	3 to 5 years

An item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected from its use or disposal. The difference between the net disposal proceeds, if any, and the net carrying amount is recognised in statements of profit or loss.

**(i) Leases**

**(a) Classification**

At inception of a contract, the Group and the Bank assesses whether a contract is, or contains, a lease arrangement based on whether the contract that conveys to the user (the lessee) the right to control the use of an identified asset for a period of time in exchange for consideration.

**Bank Muamalat Malaysia Berhad  
(Incorporated in Malaysia)**

**Notes to the financial statements - 31 December 2020 (16 Jamadil Awal 1442H)**

**2. Significant accounting policies (cont'd.)**

**2.3 Summary of significant accounting policies (cont'd.)**

**(i) Leases (cont'd.)**

**(b) Recognition and initial measurement**

**(i) The Group and the Bank as lessee**

The Group and the Bank applies a single recognition and measurement approach for all leases, except for short-term leases and leases of low-value assets. The Group and the Bank recognises lease liabilities to make lease payments and right-of-use assets representing the right to use the underlying assets

Right-of-use ("ROU") asset

The Group and the Bank recognises right-of-use assets at the commencement date of the lease (i.e., the date the underlying asset is available for use). Right-of-use assets are measured at cost, less any accumulated depreciation and impairment losses, and adjusted for any remeasurement of lease liabilities. The cost of right-of-use assets includes the amount of lease liabilities recognised, initial direct costs incurred, and lease payments made at or before the commencement date less any lease incentives received. Right-of-use assets are depreciated on a straight-line basis over the shorter of the lease term and the estimated useful life of the assets, as follows:

Office building	2 to 3 years
-----------------	--------------

If ownership of the leased asset is transferred to the Group and the Bank at the end of the lease term or the cost reflects the exercise of a purchase option, depreciation is calculated using the estimated useful life of the asset.

The right-of-use assets are also subject to impairment in accordance with Note 2.3(l) on impairment of non-financial assets.

**Bank Muamalat Malaysia Berhad  
(Incorporated in Malaysia)**

**Notes to the financial statements - 31 December 2020 (16 Jamadil Awal 1442H)**

**2. Significant accounting policies (cont'd.)**

**2.3 Summary of significant accounting policies (cont'd.)**

**(i) Leases (cont'd.)**

**(b) Recognition and initial measurement (cont'd.)**

**(i) The Group and the Bank as lessee (cont'd.)**

Lease liabilities

At the commencement date of the lease, the Group and the Bank recognises lease liabilities measured at the present value of lease payments to be made over the lease term. The lease payments include fixed payments (including in substance fixed payments) less any lease incentives receivable, variable lease payments that depend on an index or a rate, and amounts expected to be paid under residual value guarantees.

The lease payments also include the exercise price of a purchase option reasonably certain to be exercised by the Group and the Bank and payments of penalties for terminating the lease, if the lease term reflects the Group and the Bank exercising the option to terminate. Variable lease payments that do not depend on an index or a rate are recognised as expenses (unless they are incurred to produce inventories) in the period in which the event or condition that triggers the payment occurs.

In calculating the present value of lease payments, the Group and the Bank uses its incremental borrowing rate at the lease commencement date because the interest rate implicit in the lease is not readily determinable. After the commencement date, the amount of lease liabilities is increased to reflect the accretion of interest and reduced for the lease payments made. In addition, the carrying amount of lease liabilities is remeasured if there is a modification, a change in the lease term, a change in the lease payments (e.g. changes to future payments resulting from a change in an index or rate used to determine such lease payments) or a change in the assessment of an option to purchase the underlying asset.

**Bank Muamalat Malaysia Berhad  
(Incorporated in Malaysia)**

**Notes to the financial statements - 31 December 2020 (16 Jamadil Awal 1442H)**

**2. Significant accounting policies (cont'd.)**

**2.3 Summary of significant accounting policies (cont'd.)**

**(i) Leases (cont'd.)**

**(b) Recognition and initial measurement (cont'd.)**

**(i) The Group and the Bank as lessee (cont'd.)**

Short-term leases and leases of low-value assets

The Group and the Bank applies the short-term lease recognition exemption to its short-term leases of office building (i.e. those leases that have a lease term of 12 months or less from the commencement date and do not contain a purchase option). It also applies the lease of low-value assets recognition exemption to leases of office building that are considered to be low value. Lease payments on short-term leases and leases of low-value assets are recognised as expense on a straight-line basis over the lease term.

**(ii) The Group and the Bank as lessor**

Leases in which the Group and the Bank does not transfer substantially all the risks and rewards incidental to ownership of an asset are classified as operating leases. Rental income arising is accounted for on a straight-line basis over the lease terms and is included in revenue in the statements of profit or loss due to its operating nature. Initial direct costs incurred in negotiating and arranging an operating lease are added to the carrying amount of the leased asset and recognised over the lease term on the same basis as rental income. Contingent rents are recognised as revenue in the period in which they are earned.

**Bank Muamalat Malaysia Berhad  
(Incorporated in Malaysia)**

Notes to the financial statements - 31 December 2020 (16 Jamadil Awal 1442H)

**2. Significant accounting policies (cont'd.)**

**2.3 Summary of significant accounting policies (cont'd.)**

**(j) Foreign currencies**

**(i) Functional and presentation currency**

The individual financial statements of each entity in the Group are measured using the currency of the primary economic environment in which the entity operates ("the functional currency"). The consolidated financial statements are presented in Ringgit Malaysia ("RM"), which is also the Bank's functional currency.

**(ii) Foreign currency transactions and balances**

Transactions in foreign currencies are measured in the respective functional currencies of the Bank and its subsidiaries, and are recorded on initial recognition in the functional currencies at exchange rates approximating those ruling at the transaction dates. Monetary assets and liabilities denominated in foreign currencies are translated at the rate of exchange ruling at the reporting date. Non-monetary items denominated in foreign currencies that are measured at historical cost are translated using the exchange rates as at the date of the initial transactions. Non-monetary items denominated in foreign currencies measured at fair value are translated using the exchange rates at the date when the fair value was determined.

Exchange differences arising on the settlement of monetary items or on translating monetary items at the reporting date are recognised in statement of profit or loss except for exchange differences arising on monetary items that form part of the Group's net investment in foreign operations, which are recognised initially in other comprehensive income and accumulated under exchange fluctuation reserve in equity.

The exchange fluctuation reserve is reclassified from equity to statement of profit or loss of the Group and of the Bank on disposal of the foreign operations.

Exchange differences arising on the translation of non-monetary items carried at fair value are included in statements of profit or loss for the period except for the differences arising on the translation of non-monetary items in respect of which gains and losses are recognised directly in equity. Exchange differences arising from such non-monetary items are also recognised directly in equity.

**Bank Muamalat Malaysia Berhad  
(Incorporated in Malaysia)**

**Notes to the financial statements - 31 December 2020 (16 Jamadil Awal 1442H)**

**2. Significant accounting policies (cont'd.)**

**2.3 Summary of significant accounting policies (cont'd.)**

**(j) Foreign currencies (cont'd.)**

**(iii) Foreign operations**

The results and financial position of the Group's and the Bank's foreign operations, whose functional currencies are not the presentation currency, are translated into the presentation currency at average exchange rates for the year, which approximates the exchange rates at the date of the transaction, and at the closing exchange rate as at reporting date respectively. All resulting exchange differences are taken directly to other comprehensive income and are subsequently recognised in the statements of profit or loss upon disposal of the foreign operations.

**(k) Provision for liabilities**

Provisions are recognised when the Group and the Bank have a present obligation as a result of a past event and it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation, and a reliable estimate of the amount can be made. Provisions are reviewed at each reporting date and adjusted to reflect the current best estimate. Where the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, where appropriate, the risks specific to the liability. Where discounting is used, the increase in the provision due to the passage of time is recognised as finance cost.

**(l) Impairment of non-financial assets**

The Group and the Bank assess at each reporting date whether there is an indication that an asset may be impaired. If any such indication exists, or when an annual impairment assessment for an asset is required, the Group and the Bank make an estimate of the asset's recoverable amount.

An asset's recoverable amount is the higher of an asset's fair value less costs to sell and its value-in-use. For the purpose of assessing impairment, assets are grouped at the lowest levels for which there are separately identifiable cash flows (cash-generating units ("CGU")).

**Bank Muamalat Malaysia Berhad  
(Incorporated in Malaysia)**

**Notes to the financial statements - 31 December 2020 (16 Jamadil Awal 1442H)**

**2. Significant accounting policies (cont'd.)**

**2.3 Summary of significant accounting policies (cont'd.)**

**(l) Impairment of non-financial assets (cont'd.)**

In assessing value-in-use, the estimated future cash flows expected to be generated by the asset are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. Where the carrying amount of an asset exceeds its recoverable amount, the asset is written-down to its recoverable amount. Impairment losses recognised in respect of a CGU or groups of CGUs are allocated first to reduce the carrying amount of any goodwill allocated to those units or groups of units and then, to reduce the carrying amount of the other assets in the unit or groups of units on a pro-rata basis.

Impairment losses are recognised in the statements of profit or loss. An assessment is made at each reporting date as to whether there is any indication that previously recognised impairment losses may no longer exist or may have decreased. A previously recognised impairment loss is reversed only if there has been a change in the estimates used to determine the asset's recoverable amount since the last impairment loss was recognised. If that is the case, the carrying amount of the asset is increased to its recoverable amount. That increase cannot exceed the carrying amount that would have been determined, net of depreciation, had no impairment loss been recognised previously. Such reversal is recognised in statements of profit or loss. Impairment loss on goodwill is not reversed in a subsequent period.

**(m) Cash and cash equivalents**

Cash and cash equivalents consist of cash and bank balances with banks and other financial institutions, and short term deposits with original maturity tenor of less than three (3) months that are readily convertible to known amount of cash and which are subject to an insignificant risk of changes in value.

**Bank Muamalat Malaysia Berhad  
(Incorporated in Malaysia)**

**Notes to the financial statements - 31 December 2020 (16 Jamadil Awal 1442H)**

**2. Significant accounting policies (cont'd.)**

**2.3 Summary of significant accounting policies (cont'd.)**

**(n) Contingent liabilities and contingent assets**

Where it is not probable that an outflow of economic benefits will be required, or the amount cannot be estimated reliably, the obligation is disclosed as a contingent liability, unless the probability of outflow of economic benefits is remote. Possible obligations, whose existence will only be confirmed by the occurrence or non-occurrence of one or more future events are also disclosed as contingent liabilities unless the probability of outflow of economic benefits is remote.

A contingent asset is a possible asset that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the Group and the Bank. The Group and the Bank do not recognise contingent assets but discloses its existence where inflows of economic benefits are probable, but not virtually certain.

**(o) Employee benefits**

**(i) Short term benefits**

Wages, salaries, bonuses and social security contributions are recognised as an expense in the year in which the associated services are rendered by employees of the Group and the Bank. Short term accumulating compensated absences such as paid annual leave are recognised when services are rendered by employees that increase their entitlement to future compensated absences. Short term non-accumulating compensated absences such as sick leave are recognised when the absences occur.

**(ii) Defined contribution plan**

Defined contribution plans are post-employment benefit plans under which the Group and the Bank pay fixed contributions into separate entities or funds and will have no legal or constructive obligation to pay further contributions if any of the funds do not hold sufficient assets to pay all employee benefits relating to employee services in the current and preceding financial years. Such contributions are recognised as an expense in the statements of profit or loss, as they are incurred. As required by law, companies in Malaysia make such contributions to the Employees Provident Fund ("EPF").

**Bank Muamalat Malaysia Berhad  
(Incorporated in Malaysia)**

**Notes to the financial statements - 31 December 2020 (16 Jamadil Awal 1442H)**

**2. Significant accounting policies (cont'd.)**

**2.3 Summary of significant accounting policies (cont'd.)**

**(p) Income recognition**

Income is recognised to the extent that it is probable that the economic benefits will flow to the Group and the Bank and the income can be reliably measured. The following specific recognition criteria must also be met before revenue is recognised:

**(i) Profit and income from financing**

For all financial assets measured at amortised cost, profit bearing financial assets classified as FVOCI and financial assets designated at FVTPL, profit income or expense is recorded using the effective profit rate, which is the rate that exactly discounts estimated future cash payments or receipts through the expected life of the financial instrument or a shorter period, where appropriate, to the net carrying amount of the financial asset or financial liability. The calculation takes into account all contractual terms of the financial instrument (for example, payment options) and includes any fees or incremental costs that are directly attributable to the instrument and are an integral part of the effective profit rate, but not future credit losses.

For impaired financial assets, profit/financing income continues to be recognised using the effective profit rate, to the extent that it is probable that the profit can be recovered.

**(1) Bai' Bithaman Ajil ("BBA")**

This contract involves the purchase and sale of an asset by the Bank to the customer on a deferred payment basis either to be paid in lump sum or instalment basis within an agreed period of time at a price which includes a profit margin agreed by both parties. Financing income is recognised on effective profit rate basis over the period of the contract based on the principal amount outstanding.

**(p) Income recognition**

**(i) Profit and income from financing (cont'd.)**

**(2) Ijarah Thumma Al-Bai'**

This contract involves lease ending with transfer of ownership from the lessor to the lessee in the form of sale transaction based on agreed terms and conditions. There are two (2) contracts involved in this arrangement. The first contract is Ijarah where the lessee enjoys the usufruct of the assets for an agreed rental during an agreed period of time while the ownership remains with the lessor. The second contract is the sale contract which may take place at the end of the Ijarah period or at any point of time during the period subject to the agreed terms and conditions between the contracting parties. Financing income is recognised on effective profit rate basis over the lease term.

**(3) Bai' Inah**

This contract involves sale and purchase of an asset whereby the Bank sells an asset to the customer on a deferred basis and subsequently buys back the asset at a cash price lower than the deferred sales price. Financing income is recognised on effective profit rate basis over the period of the contract based on the principal amount outstanding.

**(4) Tawarruq**

This contract relates to the arrangement that involves a purchase of an asset or commodity based on Murabahah contract on deferred term and a subsequent sale of the same asset to a third party in order to obtain cash. The commodity trading fee incurred in the Tawarruq arrangement is borne by the Bank and is recognised as an expense in the statements of profit or loss, as they are incurred. Financing income is recognised on effective profit rate basis over the expected life of the contract based on the principal amount outstanding.

**Bank Muamalat Malaysia Berhad  
(Incorporated in Malaysia)**

**Notes to the financial statements - 31 December 2020 (16 Jamadil Awal 1442H)**

**2. Significant accounting policies (cont'd.)**

**2.3 Summary of significant accounting policies (cont'd.)**

**(p) Income recognition (cont'd.)**

**(i) Profit and income from financing (cont'd.)**

**(5) Bai Al-Dayn**

This contract involves the sale and purchase of securities or debt certificates which conforms with the Shariah ruling. Securities or debt certificates are issued by a debtor to a creditor as evidence of indebtedness. Income from financing shall be recognised on effective profit rate basis over the expected life of the contract based on principal amount outstanding.

**(6) Murabahah**

This contract involves the sale of goods or assets by the Bank at a mark-up price to the customer, which includes a profit margin as agreed by both parties. The price, costs and profit margin in Murabahah shall be made transparent and agreeable by both parties. This contract applies to the Bank's financing and advances products whilst the Bank's Commodity Murabahah term deposit product is based on the contract of Murabahah and Tawarruq.

Financing income under this contract is recognised on effective profit rate basis over the period of the contract based on the principal amount outstanding.

Profit attributable to depositors is recognised as an expense in statements of profit or loss, as it incurred. Profit to be distributed is based on the expected profit rate, which is quoted to the customer on the placement date.

**(p) Income recognition (cont'd.)**

**(i) Profit and income from financing (cont'd.)**

**(7) Istisna'**

Istisna' contract can be established between a Bank and contractor, developer, or producer that allows the Bank to make progress payments as construction progresses. Istisna' financing is provided in the form of advance progress payments to the customer who builds, manufactures, constructs or develops the object of sale. Upon completion of the project, the asset is delivered to parties who have earlier on agreed to take delivery of the asset. Financing income is recognised on effective profit rate basis over the period of the contract based on the principal amount outstanding.

**(8) Qard**

Qard is a contract of loan between two (2) parties on the basis of social welfare or to fulfil a short-term financial need of the borrower. The amount of repayment must be equivalent to the amount borrowed. It is, however, legitimate for a borrower to pay more than the amount borrowed as long as it is not stated or agreed at the point of contract. As such, no accrual of income is recognised for this contract.

**(9) Musharakah Mutanaqisah**

In Musharakah Mutanaqisah contract, the customer and the Bank jointly acquire and own the asset. The Bank then leases its equity or share of asset to the customer on the basis of Ijarah. The customer is given the right to acquire the Bank's equity in the asset periodically. Financing income is accounted for on the basis of reducing balance on a time apportioned basis that reflects the effective yield of the asset.

Financing income under this contract is recognised on effective profit rate basis over the period of the contract based on the principal amount outstanding.

**2. Significant accounting policies (cont'd.)**

**2.3 Summary of significant accounting policies (cont'd.)**

**(p) Income recognition (cont'd.)**

**(i) Profit and income from financing (cont'd.)**

**(10) Rahnū**

In Ar-Rahnū transaction, a valuable asset such as gold and jewellery is used as a collateral for a debt. The collateral will be used to settle the debt when a debtor is in default. Income is recognised when the Bank charges a safekeeping fee upon which are to be paid in full upon expiry of the contract, redemption or extension of period of Ar-Rahnū, whichever is applicable.

**(ii) Fee and other income recognition**

Financing arrangement, management and participation fees, underwriting commissions, guarantee fees and brokerage fees are recognised as income based on accrual on time apportionment method. Fees from advisory and corporate finance activities are recognised at net of service taxes and discounts on completion of each stage of the assignment.

Dividend income from securities is recognised when the Bank's right to receive payment is established.

**(q) Income and deferred taxes**

Income tax for the year comprises current and deferred tax. Current tax is the expected amount of income taxes payable in respect of the taxable profit for the year and is measured using the tax rates that have been enacted at the reporting date.

Deferred tax is provided for using the liability method. In principle, deferred tax liabilities are recognised for all taxable temporary differences and deferred tax assets are recognised for all deductible temporary differences, unused tax losses and unused tax credits to the extent that it is probable that taxable profits will be available against which the deductible temporary differences, unused tax losses and unused tax credits can be utilised.

Deferred tax is not recognised if the temporary difference arises from goodwill or negative goodwill or from the initial recognition of an asset or liability in a transaction which is not a business combination and at the time of the transaction, affects neither accounting profit nor taxable profit.

**Bank Muamalat Malaysia Berhad  
(Incorporated in Malaysia)**

**Notes to the financial statements - 31 December 2020 (16 Jamadil Awal 1442H)**

**2. Significant accounting policies (cont'd.)**

**2.3 Summary of significant accounting policies (cont'd.)**

**(q) Income and deferred taxes (cont'd.)**

Deferred tax is measured at the tax rates that are expected to apply in the period when the asset is realised or the liability is settled, based on tax rates that have been enacted or substantively enacted at the financial position date. Deferred tax is recognised as income or expense and included in the statements of profit or loss for the period, except when it arises from a transaction which is recognised directly in equity, in which case the deferred tax is also recognised directly in equity, or when it arises from a business combination that is an acquisition, in which case the deferred tax is included in the resulting goodwill or the amount of any excess of the acquirer's interest in the net fair value of the acquiree's identifiable assets, liabilities and contingent liabilities over the cost of the combination.

Deferred tax assets and deferred tax liabilities are offset if a legally enforceable right exists to set off current tax assets against current tax liabilities and the deferred taxes relate to the same taxable entity and the same taxation authority.

**(r) Zakat**

Zakat represents business zakat payable by the Group and the Bank to comply with the principles of Shariah and as approved by the Shariah Committee. The Bank only pays zakat on its business and does not pay zakat on behalf of its depositors or shareholders. Zakat provision is calculated based on capital growth model method.

**(s) Fair value measurement**

The Group and the Bank measure financial instruments such as financial assets at FVTPL, financial investments at FVOCI and derivatives, and non-financial assets such as investment properties at fair value at each statement of financial position date.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability, or
- In the absence of a principal market, in the most advantageous market for the asset or liability.

**Bank Muamalat Malaysia Berhad  
(Incorporated in Malaysia)**

**Notes to the financial statements - 31 December 2020 (16 Jamadil Awal 1442H)**

**2. Significant accounting policies (cont'd.)**

**2.3 Summary of significant accounting policies (cont'd.)**

**(s) Fair value measurement (cont'd.)**

The principal or the most advantageous market must be accessible by the Group and the Bank.

The fair value of an asset or a liability is measured using the assumptions that market participants would be willing to use when pricing the asset or liability, assuming that market participants act in their economic best interest.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Group and the Bank use valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- Level 1 - Quoted (unadjusted) market prices in active markets for identical instruments;
- Level 2 - Valuation techniques for which the lowest level input that is significant to the fair value measurement, which is directly (i.e. prices) or indirectly (i.e. derived from prices) observable; and
- Level 3 - Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable.

For assets and liabilities that are recognised in the financial statements on a recurring basis, the Group and the Bank determine whether transfers have occurred between fair value hierarchy levels by re-assessing categorisation (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

The fair value of financial instruments and further details are disclosed in Note 47.

**Bank Muamalat Malaysia Berhad  
(Incorporated in Malaysia)**

**Notes to the financial statements - 31 December 2020 (16 Jamadil Awal 1442H)**

**2. Significant accounting policies (cont'd.)**

**2.3 Summary of significant accounting policies (cont'd.)**

**(t) Government financing scheme and government financing facility**

Financing under a government scheme is recognised and measured in accordance with MFRS 9 Financial Instruments, with the benefit at a below market and concession rate is measured as the difference between the initial carrying amount or fair value of the financing and the amount received. Government financing facility is measured in accordance with the amount received.

The benefit of a financing or a facility under a government scheme that addresses identified costs or expenses incurred by the Group and the Bank is recognised in the profit or loss in the same financial period when the costs or expenses are recognized, when the required conditions are fulfilled in accordance with MFRS 120 Accounting for Government Grants and Disclosure of Government Assistance.

**2.4 Changes in accounting policies and disclosures**

The significant accounting policies and methods of computation applied by the Group and the Bank are consistent with those adopted in the most recent audited financial statements for the financial period ended 31 December 2019 except for adoption of the following MFRS and Interpretations of the Issues Committee ("IC Interpretations") during the current financial year with effective dates as follows:

<b>Description</b>	<b>Effective for annual periods beginning on or after</b>
Amendments to MFRS 3: Business Combinations- Definition of Business	1 January 2020
Amendments to MFRS 101: Presentation of Financial Statements- Definition of Material	1 January 2020
Amendments to MFRS 108: Accounting Policies, Changes in Accounting Estimates and Errors- Definition of Material	1 January 2020
Amendments to MFRS 9, MFRS 139 and MFRS 7: Interest Rate Benchmark Reform	1 January 2020
Amendments to MFRS 16: Leases- Covid-19-related Rent Concessions	1 June 2020

The adoption of the MFRS and IC Interpretations above does not have material impact to the financial statements of the Group and the Bank.

**Bank Muamalat Malaysia Berhad  
(Incorporated in Malaysia)**

**2. Significant accounting policies (cont'd.)**

**2.5 Significant changes in regulatory requirements**

**(a) Revised Policy Document on Capital Adequacy Framework for Islamic Banks (Capital Components) issued by BNM**

On 9 December 2020, BNM issued the revised policy document on Capital Adequacy Framework for Islamic Banks (Capital Components), which came into effect immediately and shall be applied prospectively. The revised policy document applies to financial institutions in Malaysia which covers licensed Islamic banks, licensed banks carrying on Islamic banking business and financial holding companies. The revised policy document superseded policy documents issued by BNM previously, namely, Capital Adequacy Framework for Islamic Banks (Capital Components) dated 5 February 2020 and Guidelines on the Recognition and Measurement of Profit Sharing Investment Account as Risk Absorbent dated 22 July 2011.

The revised policy document was updated to include:

- (a) Additional capital buffer requirements on the HLA requirements for financial institution that is designated as aD-SIB; and
- (b) The transitional arrangements for regulatory capital treatment of accounting provisions. Financial institution which elect to apply the transitional arrangements are allowed to add back a portion of the Stage 1 and Stage 2 provisions for ECL to Common Equity Tier 1 Capital over a four-year period from financial year beginning 2020 or a three-year period from financial year beginning 2021. This is consistent with the guidance issued by the Basel Committee of Banking Supervision on “Regulatory treatment of accounting provisions – interim approach and transitional arrangement” (March 2017) and “Measures to reflect the impact of COVID-19” (April 2020).

For the financial year ended 31 December 2020, the Bank does not elect to apply the transitional arrangement and will reassess the position in 2021. The application of the revised policy documents do not have any significant impact to the financial statements of the Bank.

**Bank Muamalat Malaysia Berhad  
(Incorporated in Malaysia)**

**2. Significant accounting policies (cont'd.)**

**2.5 Significant changes in regulatory requirements (cont'd.)**

**b) Measures announced by BNM to assist individuals, small-medium enterprises ("SMEs") and corporates affected by COVID-19**

During the financial year ended 31 December 2020, BNM had announced various COVID-19 assistance programmes which aimed to support economy at large and provide relief to all affected individuals, SMEs and corporations. The support measures include the following:

Automatic six-month moratorium

The automatic moratorium applies to ringgit-denominated financing that are not in arrears exceeding 90 days as of 1 April 2020. However, the moratorium does not apply to credit card balances. For outstanding credit card balances, customers will be offered an option to convert the outstanding balances into term-financing of not more than three years.

The moratorium did not automatically result in stage transfer under MFRS 9 in the absence of other factors relevant to the assessment. The financial impact of the moratorium is reflected at the financing income of the Bank (see Notes 27(a) and 29(b)).

Repayment assistance and classification in the Central Credit Reference Information System ("CCRIS")

Recognising the challenging environment, financial institutions are granting additional repayment assistance for individuals and SMEs whose income have been affected by the pandemic, to support economic recovery and safeguard livelihood of Malaysians.

The assistance is extended to facilities approved before 1 October 2020, which are not in arrears of more than 90 days at the time a customer requests for repayment assistance. The additional repayment assistance will be available to eligible customers until 30 June 2021.

The repayment assistance does not automatically result in stage transfer under MFRS 9 in the absence of other factors indicating evidence of significant increase in credit risk ("SICR"). Judgement and more holistic assessment of all relevant indicators and information, such as, historical repayment and delinquency trend pre-COVID-19 pandemic, are applied in determining SICR. In addition, the financing that is approved under repayment assistance is exempted to be reported as rescheduling and restructuring ("R&R") and credit impaired in CCRIS.

**Bank Muamalat Malaysia Berhad**  
(Incorporated in Malaysia)

**2. Significant accounting policies (cont'd.)**

**2.5 Significant changes in regulatory requirements (cont'd.)**

**b) Measures announced by BNM to assist individuals, small-medium enterprises ("SMEs") and corporates affected by COVID-19 (cont'd.)**

Supervisory and Prudential Measures

During the financial year ended 31 December 2020, financial institutions are allowed to operate below the minimum Net Stable Funding Ratio and Liquidity Coverage Ratio of 100%, draw down the capital conservation buffer of 2.5% and reduce the regulatory reserves held against expected losses to 0%. However, financial institutions are expected to restore their buffer to the minimum regulatory requirement by 30 September 2021.

**2.6 Standards and interpretations issued but not yet effective**

The Group and the Bank have not applied the following accounting standards that have been issued by the Malaysian Accounting Standards Board ("MASB") as they are not yet effective for the Group and the Bank. The Group and the Bank intend to adopt these Standards, if applicable, when they become effective.

<b>Description</b>	<b>Effective for annual periods beginning on or after</b>
Amendments to MFRS 4, MFRS 7, MFRS 9, MFRS 16 and MFRS 139 Profit Rate Benchmark Reform - (Phase 2)	1 January 2021
MFRS 17: Insurance Contracts	1 January 2023
Annual Improvements to MFRS Standards 2018 - 2020	1 January 2022
Amendments to MFRS 101: Classification of Liabilities as Current or Non-current	1 January 2022
Amendments to MFRS 3: Business Combinations- Reference to the Conceptual Framework	1 January 2022
Amendments to MFRS 116: Property, Plant and Equipment Proceeds before Intended Use	1 January 2022
Amendments to MFRS 137: Provisions, Contingent Liabilities and Contingent Assets-Onerous Contracts- Cost of Fulfilling a Contract	1 January 2022
Amendments to MFRS 10 and MFRS 128: Sale or Contribution of Assets between an Investor and its Associate or Joint Venture	To be announced by MASB

The directors expect that the adoption of the above-mentioned Standards will have no material impact on the financial statements of the Group and of the Bank in the period of initial application.

**Bank Muamalat Malaysia Berhad  
(Incorporated in Malaysia)**

**3. Significant accounting judgments, estimates and assumptions**

The preparation of financial statements requires the Management to make judgments, estimates and assumptions that affect the application of policies and reported amounts of assets, liabilities, income and expenses. Although these estimates are based on the Management's best knowledge of current events and actions, actual results may differ from those estimates. Critical accounting estimates and assumptions used that are significant to the financial statements and areas involving higher degree of judgment and complexity, are as follows:

**3.1 Going concern**

The Management of the Group and the Bank has made an assessment of its ability to continue as a going concern and is satisfied that it has the resources to continue in business for the foreseeable future. Furthermore, the Management is not aware of any material uncertainties that may cast significant doubt upon the Group's and the Bank's ability to continue as a going concern. Therefore, the financial statements continue to be prepared on the going concern basis.

**3.2 Impairment of financial investments portfolio (Notes 5 and 31)**

The Group and the Bank review their debt instruments at FVOCI, and financial investments at amortised cost under MFRS 9, which requires the recognition of ECL at each reporting date to reflect change in credit risk of the financial investments not at FVTPL. MFRS 9 incorporates forward-looking and historical, current and forecasted information into ECL estimation.

In carrying out the impairment review, the following Management's judgements are required:

- (i) Determination whether the investment is impaired based on certain indicators, such as, amongst others, difficulties of the issuers or obligors, deterioration of the credit quality of the issuers or obligors; and
- (ii) Determination of ECL that reflect:
  - (a) An unbiased and probability-weighted amount that is determined by evaluating a range of possible outcomes;
  - (b) The time value of money; and
  - (c) Reasonable and supportable information that is available without undue cost or effort at the reporting date about past events, current conditions and forecasts of future economic conditions.

**Bank Muamalat Malaysia Berhad  
(Incorporated in Malaysia)**

**3. Significant accounting judgments, estimates and assumptions (cont'd.)**

**3.3 Impairment losses on financing of customers (Notes 7 and 30)**

The Group and the Bank review individually its significant financing of customers at each reporting date to assess whether an impairment loss should be recorded in the income statement. In particular, Management's judgement is required in the estimation of the amount and timing of future cash flows when determining the impairment loss. In estimating these cash flows, the Group and the Bank make judgements about the customer's financial situation and the net realisable value of collateral. These estimates are based on assumptions on a number of factors and actual results may differ, resulting in future changes to the allowances.

The Group's and the Bank's ECL calculations under MFRS 9 are outputs of complex models with a number of underlying assumptions regarding the choice of variable inputs and their interdependencies. Elements of the ECL models that are considered accounting judgements and estimates include:

- (i) Criteria for assessing if there has been a significant increase in credit risk and the qualitative assessment;
- (ii) The segmentation of financial assets when ECL is assessed on a collective basis;
- (iii) Development of ECL models, including the various formulas and the choice of inputs;
- (iv) Determination of associations between macroeconomic scenarios and economic inputs, such as, unemployment levels and collateral values, and the effect on PDs, LGDs, and EADs including macroeconomic factors as disclosed in note 46(a)(iii); and
- (v) Selection of forward-looking macroeconomic scenarios and their probability weightings, to derive the economic inputs into the ECL models.

Financing that have been assessed individually but for which no impairment is required as well as all individually insignificant financing need to be assessed collectively, in groups of assets with similar credit risk characteristic. This is to determine whether impairment should be made due to incurred loss events for which there is objective evidence but effects of which are not yet evident. The collective assessment takes into account of data from the financing portfolios (such as, credit quality, levels of arrears, credit utilisation, financing to collateral ratios, etc.) and judgments on the effect of concentrations of risks (such as the performance of different individual groups).

**Bank Muamalat Malaysia Berhad**  
**(Incorporated in Malaysia)**

**3. Significant accounting judgments, estimates and assumptions (cont'd.)**

**3.4 Fair value estimation of financial investments at FVTPL and FVOCI (Notes 5(i) and 5(ii)) and derivative financial instruments (Note 6)**

For financial instruments measured at fair value, where the fair values cannot be derived from active markets, these fair values are determined using a variety of valuation techniques, including the use of mathematical models. Whilst the Group and the Bank generally use widely recognised valuation models with market observable inputs, judgement is required where market observable data are not available. Such judgement normally incorporate assumptions that other market participants would use in their valuations, including assumptions on profit rate yield curves, exchange rates, volatilities and prepayment and default rates.

**3.5 Taxation (Note 40)**

Significant Management's judgement is required in estimating the provision for income taxes, as there may be differing interpretations of tax law for which the final outcome will not be established until a later date. Liabilities for taxation are recognised based on estimates of whether additional taxes will be payable. The estimation process may involve seeking the advise of experts, where appropriate. Where the final liability for taxation being assessed by the Inland Revenue Board is different from the amounts that were initially recorded, these differences will affect the income tax expense and deferred tax provisions in the period in which the estimate is revised or when the final tax liability is established.

6. Islamic derivative financial assets/(liabilities)

The table below shows the fair values of Islamic derivative financial instruments, recorded as assets or liabilities, together with their notional amounts. The notional amounts, recorded gross, is the amount of a derivative's underlying asset, reference rate or index and is the basis upon which changes in the value of derivatives are measured. The notional amounts indicate the volume of transactions outstanding at the year end and are indicative of neither the market risk nor the credit risk.

	31 December 2020		31 December 2019		
	Contract/ notional amount RM'000	Fair value Assets RM'000	Contract/ notional amount RM'000	Fair value Assets RM'000	Liabilities RM'000
<b>Group and Bank</b>					
Foreign exchange contracts:

Unhedged IPRS	-	-	75,000	-	(916)
Hedged IPRS	1,200,000	-	1,200,000	-	(53,177)
<b>Total</b>	<b>4,526,522</b>	<b>47,820</b>	<b>4,240,283</b>	<b>21,859</b>	<b>(77,546)</b>

196501000376 (6175-W)

**Bank Muamalat Malaysia Berhad  
(Incorporated in Malaysia)**

**6. Islamic derivative financial assets/(liabilities) (cont'd.)**

Included within hedging derivatives are derivatives where the Group and the Bank apply hedge accounting. The principal amount and fair value of derivative where hedge accounting is applied by the Group and Bank are as follows:

	31 December 2020		31 December 2019	
	Contract/ Notional Amount RM'000	Fair value Assets RM'000	Contract/ Notional Amount RM'000	Fair value Assets RM'000
IPRS	1,200,000	-	1,200,000	(53,177)

**Fair Value hedges**

Fair value hedges are used by the Group and the Bank to protect against changes in the fair value of financial assets due to movements in profit rates. The financial instruments hedged for profit rate risk include the Group's and the Bank's financing of customers and investment securities.

For the year ended 31 December 2020, the Group and the Bank:

- (i) recognised a net loss of RM54,337,986 (31 December 2019: net loss of RM28,755,380) on the hedging instrument. The total net gain on the hedged items attributable to the hedged risk amounted to RM59,900,904 (31 December 2019: net gain of RM31,261,694) (Note 29); and
- (ii) There is no recorded gain from derecognition of fair value of hedged items attributable to hedged risk (31 December 2019: nil) as a result of derecognition of the hedged items.

**8(b). Exposures to COVID-19 impacted financing (cont'd)**

**(iii) Overlays and adjustments for expected credit losses amid COVID-19 environment**

As the current MFRS 9 models are not expected to generate levels of expected credit losses ("ECL") with sufficient reliability in view of the unprecedented and on-going COVID-19 pandemic, overlays and post-model adjustments have been applied to determine a sufficient overall level of ECL for the year ended and as at 31 December 2020.

These overlays and post-model adjustments were taken to reflect the latest macroeconomic outlook not captured in the modelled outcome and the potential impact to delinquencies and defaults when the various relief and support measures expire in 2021.

The overlays and post-model adjustments involved significant level of judgement and reflect the management's views of possible severities of the pandemic and paths of recovery in the forward looking assessment for ECL estimation purposes.

The financing customers who have received payment supports remain in their existing stages unless they have been individually identified as not viable or with subsequent indicators of significant increase in credit risk from each of their pre-COVID-19 status. The overlays and post-model adjustments were generally made at portfolio level in determining the sufficient level of ECL.

The adjusted downside scenario assumes a continuous restrictive economic environment due to COVID-19 until the second quarter of 2021, the impact of these post-model adjustments were estimated at portfolio level, remain outside the core MFRS 9 process. Total overlays for ECL inclusive of the macro-economic adjustments maintained by the Group and the Bank as at 31 December 2020 are RM16.5 million (2019:Nil).

The Group's and the Bank's investment properties consist of a few units of commercial properties and a few pieces of undeveloped freehold commercial land.

As at 31 December 2020, the fair values of the properties are based on valuations performed by Proharta Consultancy Sdn. Bhd together with Rahim & Co International Sdn Bhd, accredited independent valuers. A valuation approach as guided by the Malaysian Valuation Standards as issued by the Board of Valuers, Appraisers, Estate Agents and Property Managers, has been applied. Fair value hierarchy disclosures for investment properties have been further disclosed in Note 47.

Description of valuation techniques used and key inputs to valuation on investment properties:

Types of investment properties	Valuation Technique	Significant unobservable inputs
- Buildings on freehold land	Direct comparison	Selling price per square foot ("psf") of comparable properties sold adjusted for location, size and shape of land, planning provisions, land tenure, title restrictions and any other characteristics.
- Freehold land	method ("DCM")

**Bank Muamalat Malaysia Berhad**  
**(Incorporated in Malaysia)**

**15. Leases**

**15.1 Group and the Bank as a lessee**

The Group and the Bank have leases for leasehold land, building and office equipment. Lease contracts are typically made for fixed periods of one (1) to three (3) years, but may have extension options.

With the exception of short-term leases and leases of low-value underlying assets, each lease is reflected on the statements of financial position as a right-of-use asset and a lease liability.

Leases are either non-cancellable or may only be cancelled by incurring a substantive termination fee. Some leases contain an option to extend the lease for a further term.

(a) Leases liabilities

	Profit rate (%)	Maturity	Group	
			31 December 2020 RM'000	31 December 2019 RM'000
Non-current	5.5	2021 - 2025	28,652	41,211
Current	5.5	2020	12,989	10,448
			<u>41,641</u>	<u>51,659</u>

	Profit rate (%)	Maturity	Bank	
			31 December 2020 RM'000	31 December 2019 RM'000
Non-current	5.5	2021 - 2025	20,667	32,877
Current	5.5	2020	13,351	10,946
			<u>34,018</u>	<u>43,823</u>

**Bank Muamalat Malaysia Berhad  
(Incorporated in Malaysia)**

**15. Leases (cont'd.)**

**15.1 Group and the Bank as a lessee (cont'd.)**

(b) Lease payments not recognised as a liability

The Group and the Bank have elected not to recognise a lease liability for short term leases (leases with an expected term of twelve (12) months or less) or for leases of low value assets. Payments made under such leases are expensed on a straight-line basis.

The expenses relating to payments not included in the measurement of the lease liability during the financial period is as follows:

	<b>Group and Bank</b>	
	<b>31 December 2020 RM'000</b>	<b>31 December 2019 RM'000</b>
Expenses relating to leases of low-value assets (included in administrative expenses)	<u>268</u>	<u>520</u>

As at the reporting date, the Group and the Bank were committed to low-value assets and the total commitment was RM255,347.00 (31 December 2019: RM335,015).

- (c) As at the reporting date, the Group's and the Bank's total future cash outflows for leases that had not yet commenced is nil.

**Bank Muamalat Malaysia Berhad**  
**(Incorporated in Malaysia)**

**15. Leases (cont'd.)**

**15.2 Group and the Bank as a les**

The Group and the Bank have entered into commercial property leases on its investment properties. These non-cancellable leases have remaining lease terms of between one (1) and five (5) years. All leases include a clause to enable upward revision of the rental charge on an annual basis based on prevailing market conditions.

Future minimum rentals receivable under commitments and non-cancellable operating leases at the reporting date are as follows:

	<b>Group</b>	
	<b>31 December 2020 RM'000</b>	<b>31 December 2019 RM'000</b>
Not later than 1 year	1,761	1,876
Later than 1 year but not later than 5 years	2,434	4,555
Later than 5 years	3	123
	<u>4,198</u>	<u>6,554</u>
	<b>Bank</b>	
	<b>31 December 2020 RM'000</b>	<b>31 December 2019 RM'000</b>
Not later than 1 year	1,808	1,922
Later than 1 year but not later than 5 years	2,312	4,512
Later than 5 years	3	123
	<u>4,123</u>	<u>6,557</u>

**Bank Muamalat Malaysia Berhad**  
(Incorporated in Malaysia)

**16. Deferred tax assets/(liabilities)**

	Group		Bank	
	31 December 2020 RM'000	31 December 2019 RM'000	31 December 2020 RM'000	31 December 2019 RM'000
At beginning of the year, as restated	13,534	18,403	13,250	18,235
Recognised in the profit or loss (Note 40)	(24,922)	1,287	(24,990)	1,171
Recognised in other comprehensive income	(86)	(6,156)	(86)	5,488
At end of the year	<b>(11,474)</b>	13,534	<b>(11,826)</b>	24,894

Deferred tax assets and liabilities are offset when there is a legally enforceable right to set off current tax assets against current tax liabilities and when the deferred income taxes relate to the same fiscal authority. The following amounts, determined after appropriate offsetting, are shown in the statements of financial position as follows:

	Group		Bank	
	31 December 2020 RM'000	31 December 2019 RM'000	31 December 2020 RM'000	31 December 2019 RM'000
Deferred tax assets, net	352	13,534	-	13,250

**18. Investment accounts**

**(a) Investment account of customers**

Restricted investment account ("RIA") is an arrangement between the Bank and investment account holders ("IAH") where the Bank acts as the investment agent to manage and administer the RIA and its underlying assets. RIA amounting to RM nil (31 December 2019: RM20,000,000) is accounted for as off balance sheet as the Bank has passed its rights and obligations in respect of the assets related to the RIA or the residual cash flows from those assets to the IAH except for the Wakalah performance incentive fee income generated by the Bank for managing the RIA.

**(i) Investment account analysed by maturity portfolio are as follows:**

	Group		Bank	
	31 December 2020 RM'000	31 December 2019 RM'000	31 December 2020 RM'000	31 December 2019 RM'000
<b>Wakalah</b>				
Maturity				
- within one year	-	20,000	-	20,000

**(ii) By types of customer are as follows:**

**23. Recourse obligation on financing sold to Cagamas**

This represents the proceeds received from house financing sold directly to Cagamas Berhad with recourse to the Bank. Under these agreements, the Bank undertakes to administer the financing on behalf of Cagamas Berhad and to buy-back any financing which are regarded as defective based on prudential criteria set by Cagamas Berhad. These financial liabilities are stated at amortised cost.

**24. Sukuk**

**(a) Subordinated sukuk**

On 15 June 2016, the Bank set up a 20-year Subordinated Sukuk Murabahah Programme of up to RM1.0 billion ("Subordinated Sukuk Programme"), which qualified as Tier 2 capital under the BNM Policy Document on Capital Adequacy Framework for Islamic Banks (Capital Components). The initial Subordinated Sukuk Murabahah under the Subordinated Sukuk Programme was issued on 15 June 2016. Table below depicts a summary of the initial Subordinated Sukuk Murabahah.

Issue date	Call Date	Maturity Date	Profit Rate (% p.a)	Nominal Value
15 June 2016	15 June 2021	15 June 2026	5.80%, payable semi-annually	RM250.0 million

The Bank may redeem (in whole or in part) the initial Subordinated Sukuk Murabahah prior to maturity on the Call Date, subject to the redemption conditions under the principal terms and conditions of the Subordinated Sukuk Programme being satisfied.

**Bank Muamalat Malaysia Berhad  
(Incorporated in Malaysia)**

**26. Reserves (cont'd.)**

**(a) Regulatory reserve**

Regulatory reserve is maintained in aggregate, loss allowance for non-credit impaired exposures (commonly known as Stage 1 and Stage 2 provisions) that has been assessed and recognised in accordance with MFRS and which has been transferred from the retained profits, in accordance with BNM's Revised Financial Reporting Policy Document issued on 27 September 2019.

Banking institutions are allowed with immediate effect to :

- (a) Drawdown the capital conservation buffer of (2.5%);
- (b) Operate below the minimum Liquidity Coverage Ratio ("LCR") of 100%;
- (c) Reduce the regulatory reserves held against expected losses to 0%; and
- (d) Minimum Net Stable Funding Ratio ("NSFR") which was effective on 1 July 2020 is lowered to 80% from 100%.

However, banking institutions are required to rebuild the said buffers after 31 December 2020 and restore them to the minimum regulatory requirements by 30 September 2021. BNM will review this timeline if current expectations change materially. As at the reporting date, the Bank has not drawn any of prudential buffers.

**(b) Retained profits**

The Bank may distribute dividends out of its entire retained profits as at 31 December 2020 under the single tier system.

**(c) Exchange fluctuation reserve**

The exchange fluctuation reserve represents exchange differences arising from the translation of the financial statements of foreign operations whose functional currencies are different from that of the Group's presentation currency.

**(d) Fair value through other comprehensive income**

This represent the cumulative fair value changes, net of tax, of fair value through other comprehensive income financial assets until they are disposed or impaired.

- (a) During the financial year, the Group and the Bank granted an automatic moratorium on certain financing payments, by individuals and small and medium enterprises (SMEs) for a period of six (6) months from 1 April 2020. The automatic moratorium was applicable to financing that are not in arrears exceeding 90 days and denominated in Malaysian Ringgit.

This measure was to assist borrowers experiencing temporary financial constraints due to the COVID-19 pandemic. As a result of the payment moratorium, the Group and the Bank recognised a loss of RM46,212,464 million, arising from the modification of contractual cash flows of financing. This amount is netted off against income from financing.

- (b) The Group and the Bank also received Special Relief Fund ("SRF") and Penjana Tourism Facility ("PTF") from the Government for the purpose of financing to SMEs at below market/concession rates. The financing by the Group and the Bank is to provide support for SMEs in sustaining business operations, safeguard jobs and encourage domestic investments during the COVID-19 pandemic.

The fair value gain arising from the placement of funds under the SRF and PTF that are recognised in the profit or loss, amounting to RM8,858,944 for the Group and the Bank, are applied to address the financial and accounting impact incurred by the Group and the Bank for COVID-19 related relief measures.

**Bank Muamalat Malaysia Berhad**  
**(Incorporated in Malaysia)**

**40. Taxation (cont'd.)**

Domestic current income tax is calculated at the statutory tax rate of 24% (December 2019: 24%) of the estimated assessable profit for the year/period.

A reconciliation of income tax expense applicable to profit before taxation at the statutory income tax rate to income tax expense at the effective income tax rate of the Group and of the Bank is as follows:

	Group		Bank	
	31 December 2020 RM'000	31 December 2019 RM'000	31 December 2020 RM'000	31 December 2019 RM'000
Profit before taxation	<b>174,768</b>	140,313	<b>171,216</b>	139,332
Taxation at Malaysian statutory tax rate 24% (December 2019:24%)	<b>41,944</b>	33,675	<b>41,092</b>	33,440
Income not subject to tax	<b>(9,293)</b>	(473)	<b>(10,067)</b>	(480)
Expenses not deductible for tax purposes	<b>3,323</b>	4,872	<b>3,463</b>	4,588
Overprovision of income tax in prior years	<b>(37,415)</b>	(408)	<b>(37,822)</b>	(404)
Under provision of deferred tax in prior years	-	71	-	71
Income tax (income)/expense for the year/period	<b>(1,441)</b>	37,737	<b>(3,334)</b>	37,215

**41. Earnings per share**

Basic and diluted	Group	
	31 December 2020 RM'000	31 December 2019 RM'000
Profit attributable to ordinary equity holders of the Bank (RM'000)	<b>172,857</b>	98,806
Weighted average number of ordinary shares in issue ('000)	<b>1,195,000</b>	1,195,000
Basic and diluted earnings per share (sen)	<b>14.47</b>	8.27

**42. Dividends**

The directors did not declare any final dividend for the financial year ended 31 December 2020.

**Bank Muamalat Malaysia Berhad**  
**(Incorporated in Malaysia)**

**43. Significant related party transactions**

For the purposes of these financial statements, parties are considered to be related to the Group and the Bank if the Group or the Bank has the ability, directly or indirectly, to control the party or exercise significant influence over the party in making financial and operating decisions, or vice versa, or where the Group or the Bank and the party are subject to common control or common significant influence. Related parties may be individuals or other entities.

The Group and the Bank have related party relationships with its substantial shareholders, subsidiaries and key management personnel. The Group's and the Bank's significant transactions and balances with related parties are as follows:

	Group		Bank	
	31 December 2020 RM'000	31 December 2019 RM'000	31 December 2020 RM'000	31 December 2019 RM'000

Percentage of outstanding credit exposures with connected parties which is non-performing or in default	<u>-</u>	<u>-</u>
	<b>Bank</b>	
	<b>31 December 2020 RM'000</b>	<b>31 December 2019 RM'000</b>
Outstanding credit exposures with connected parties	<u>1,777,182</u>	<u>1,668,011</u>
Percentage of outstanding credit exposures to connected parties as proportion of total credit exposures	<u>6.6%</u>	<u>7.0%</u>
Percentage of outstanding credit exposures with connected parties which is non-performing or in default	<u>-</u>	<u>-</u>

The credit exposures above are derived based on Bank Negara Malaysia's revised Guidelines on Credit Transaction and Exposures with Connected Parties, which are effective on 1 January 2008.

Credit transactions and exposures to connected parties as disclosed above includes the extension of credit facilities and/or off-balance sheet credit exposures such as guarantees, trade-related facilities, and financing commitments. It also includes holdings of equities and corporate sukuk issued by the connected parties.

The above-mentioned credit transactions with connected parties are all transacted on an arm's length basis and on terms and conditions no more favourable than those entered into with other counterparties with similar circumstances and credit worthiness. Due care has been taken to ensure that the credit worthiness of connected parties are not less than that normally required of other persons.

(Incorporated in Malaysia)

#### 45. Commitments and contingencies

In the normal course of business, the Group and the Bank make various commitments and incur certain contingent liabilities with legal recourse to its customers. No material losses are anticipated as a result of these transactions.

Risk weighted exposures of the Group and the Bank are as follows:

	Group and Bank					
	31 December 2020		31 December 2019			
	Principal amount RM'000	Credit equivalent amount RM'000	Total risk weighted amount RM'000	Principal amount RM'000	Credit equivalent amount RM'000	Total risk weighted amount RM'000
The commitments and contingencies constitute the following:						
<b>Contingent liabilities</b>						
Direct credit substitutes	298,114	298,114	277,009	231,450	231,450	205,352

**Bank Muamalat Malaysia Berhad  
(Incorporated in Malaysia)**

**46. Financial risk management objectives and policies**

**Overview**

The integrated risk management system enables the Group and the Bank to achieve a single view of risks across its various business operations and in order to gain strategic competitive advantage from its capabilities. It can be described as the strategy and technique of managing risks by taking a holistic approach towards risk management process, which includes risk identification, measurement and management. It also aims at integrating the control and optimisation of the principal risk areas of Market Risk ("MR"), Asset and Liability Management ("ALM"), Credit Risk ("CR"), Operational Risk ("OR") and Shariah Compliance Risk; and building the requisite risk management organisation, infrastructure, process and technology with the objective of advancing the Group and the Bank towards value protection and creation.

Generally, the objectives of the Group's and the Bank's integrated risk management system include the following:

- Identifying all the risks exposures and their impact;
- Establishment of sound policies and procedures in line with the Group's and Bank's strategy, lines of business and nature of operations;
- Set out an enterprise-wide organisation structure and defining the appropriate roles and responsibilities; and
- Instill the risk culture within the Group and the Bank.

**Risk governance**

A stable enterprise-level organisation structure for risk management is necessary to ensure a uniform view of risks across the Group and the Bank and form strong risk governance.

The Board of Directors has the overall responsibility for understanding the risks undertaken by the Group and the Bank and ensuring that these risks are properly managed. While the Board of Directors is ultimately responsible for risk management of the Group and the Bank, it has entrusted the Board Risk Management Committee ("BRMC") to carry out its functions. BRMC, which is chaired by an independent director of the Board, oversees the overall management of risks.

**Bank Muamalat Malaysia Berhad  
(Incorporated in Malaysia)**

**46. Financial risk management objectives and policies (cont'd.)**

**Risk governance (cont'd.)**

The execution of the Board's risk strategies and policies is the responsibility of the Group's and the Bank's Management and the conduct of these functions are being exercised under a management committee structure, namely, the Executive Risk Management Committee ("ERMC"), which is chaired by the Chief Executive Officer ("CEO"). The Committee focuses on the overall business strategies and day-to-day business operations of the Group and the Bank in respect of risk management.

In addition, as an Islamic Bank, a Shariah Committee ("SC") is set up as an independent external body to decide on Shariah issues and simultaneously to assist towards risk mitigation and compliance with the Shariah principles.

There are other risk committees set up at the Management level to oversee specific risk areas and control function of which the following are the details:

<b>Committee</b>	<b>Objective</b>
<b>Asset &amp; Liability Working Committee ("ALCO")</b>	To ensure all strategies conform to the Bank's risk appetite and levels of exposure as determined by BRMC. These include areas of capital management, funding and liquidity management and market risk.
<b>Credit Committee ("CC")</b>	To manage the direction of the Bank's large financing exposure (business and consumer). These include authority to decide on new and/or additional exposures and review the direction of existing exposure.
<b>Investment Committee ("IC")</b>	To manage the Bank's investments and decides on new and/or additional increases of existing investment securities and/or other Treasury investment-related activities.
<b>Operational Risk Management Committee ("ORMC")</b>	To ensure effective implementation of Operational Risk Management Framework.

To carry out the day-to-day risk management functions, a dedicated Risk Management Department ("RMD") that is independent of profit and volume target, exists to support the above committees.

**Bank Muamalat Malaysia Berhad  
(Incorporated in Malaysia)**

**46. Financial risk management objectives and policies (cont'd.)**

**(a) Credit risk**

Credit risk is defined as the potential loss to the Group and the Bank as a result of defaults in payment by counter parties via financing and investment activities. The Group and the Bank comprehend that credit risk is inherent in its credit products activities such as credit financing facilities activities (funded/non-funded facilities); treasury activities (including inter-bank money market, money and capital trading, foreign exchange); and investment banking activities (including underwriting of corporate sukuk issuance).

The Group's and the Bank's RMD and Senior Management via ERM implement and execute the strategies and policies in managing credit risk to ensure that the Bank's exposure to credit are always kept within the Group's and the Bank's risk appetite parameters, and the Group and the Bank to be able to identify its risk tolerance levels. The administration of credit risk is governed by a full set of credit-related policies such as Credit Risk Policy ("CRP"), and Guidelines to Credit Risk Policies ("GCRP"), product manuals and standard operating procedures.

Credit exposures are controlled via a thorough credit assessment process which include, among others, assessing the adequacy of the identified source of payments and/or income generation from the customer, as well as determining the appropriate structure for financing.

As a supporting tool for the assessment, the Group and the Bank adopt credit risk rating (internal/external) mechanisms. The internal risk rating/grading mechanism is consistent with the nature, size and complexity of the Group's and the Bank's activities. It is also in compliance with the regulatory authority's requirements. Where applicable, the external rating assessment will be applied. This is provided by more than one of the selected reputable External Credit Assessment Institutions ("ECAI").

To mitigate credit concentration risks, the Group and the Bank set exposure limits to individual/single customer, groups of related customers, connected parties, global counterparty, industry/sector and other various funded and non-funded exposures. This is monitored and enforced throughout the credit delivery process.

The Group and the Bank also introduced the Credit Risk Mitigation Techniques ("CRMT") to ascertain the strength of collaterals and securities pledged for financing. The technique outlines the criteria for the eligibility and valuation as well as the monitoring process of the collaterals and securities pledged.

**Bank Muamalat Malaysia Berhad  
(Incorporated in Malaysia)**

**46. Financial risk management objectives and policies (cont'd.)**

**(a) Credit risk (cont'd.)**

The Group's and the Bank's credit risk disclosures also cover past due and impaired financing including the approaches in determining the individual and collective impairment provisions.

Included in financing of customers is a financing given to a corporate customer and identified structured personal financing customers which are hedged by profit rate derivatives. The hedge achieved the criteria for hedge accounting and the financing are carried at fair value.

During the year, the maximum credit exposure of the financing of customers amount to RM700.0 million (December 2019: RM700.0 million). The cumulative change in fair value of the financing attributable to changes in profit rate risks amount to a gain of RM91,112,801 (December 2019: gain of RM47,689,468) and the change for the current period is a gain of RM43,423,333 (December 2019: gain of RM24,644,380). The changes in fair value of the designated financing attributable to changes in profit risk have been calculated by determining the changes in profit spread implicit in the fair value of securities issued by entities with similar credit characteristics.

**(i) Maximum credit risk exposures and credit risk concentration**

The following tables present the Group's and the Bank's maximum exposure to credit risk (without taking account of any collateral held or other credit enhancements) for each class of financial assets, including derivatives with positive fair values, and commitments and contingencies. Where financial assets are recorded at fair value, the amounts shown represent the current credit risk exposure but not the maximum risk exposure that could arise in the future as a result of changes in values. Included in commitments and contingencies are contingent liabilities and credit commitments. For contingent liabilities, the maximum exposures to credit risk is the maximum amount that the Group or the Bank would have to pay if the obligations for which the instruments are issued are called upon. For credit commitments, the maximum exposure to credit risk is the full amount of undrawn credit granted to customers and derivative financial instruments.

A concentration credit risk exists when a number of counterparties are engaged in similar activities and have similar economic characteristics that would cause their ability to meet contractual obligations to be similarly affected by changes in economic and other conditions.

**By sector analysis**

The presented analysis of credit risk concentration relates to financial assets, including derivatives with positive fair values, and commitments and contingencies, subject to credit risk and are based on the sector in which the counterparties are engaged (for non-individual counterparties) or the economic purpose of the credit exposure (for individuals). The exposures to credit risk are presented without taking into account of any collateral held or other credit enhancements.

**46. Financial risk management objectives and policies (cont'd.)**

**(a) Credit risk (cont'd.)**

**(ii) Credit quality for financing of customers (cont'd.)**

**Neither past due nor impaired**

Financing of customers which are neither past due nor impaired are identified into the following grades:

- "Good grade" refers to financing of customers which are neither past due nor impaired in the last six (6) months and have never undergone any rescheduling or restructuring exercise previously.
- "Satisfactory grade" refers to financing of customers which may have been past due but not impaired or impaired during the last six (6) months or have undergone a rescheduling or restructuring exercise previously.

**Past due but not impaired**

Past due but not impaired financing of customers refers to instances where the customer has failed to make principal or profit payment or both after the contractual due date for more than one (1) day but less than three (3) months.

Ageing analysis of past due but not impaired is as follows:

Group and Bank	1 - 2 months RM'000	>2 - 3 months RM'000	Total RM'000
<b>31 December 2020</b>			
Term financing

Working capital	199	4,248
Other purpose	825	8,401
	<b><u>254,475</u></b>	<b><u>218,039</u></b>

**Collateral and other credit enhancements**

The amount and type of collateral required depends on assessment of credit risk of the counterparty. Guidelines are implemented regarding the acceptability of types and collateral and valuation parameters.

The main types of collateral obtained by the Group and the Bank are as follows:

- For home financing - mortgages over residential properties;
- For syndicated financing - charges over the properties being financed;
- For hire purchase financing - charges over the vehicles financed; and
- For other financing - charges over business assets such as premises, inventories, trade receivables or deposits.

The financial effect of collateral (i.e. quantification of the extent to which collateral and other credit enhancements mitigate credit risk) held for financing of customer for the Group and the Bank are at 87.2% and 87.2%, respectively, as at 31 December 2020 (the Group and the Bank are at 88.1% and 88.1% as at 31 December 2019). Meanwhile, the financial effect of collateral held for other financial assets is not significant.

**Bank Muamalat Malaysia Berhad  
(Incorporated in Malaysia)**

**46. Financial risk management objectives and policies (cont'd.)**

**(a) Credit risk (cont'd.)**

**(ii) Credit quality for financing of customers (cont'd.)**

**Collateral and other credit enhancements (cont'd.)**

As at 31 December 2020, the fair value of collateral that the Group and the Bank hold relating to financing of customers individually determined to be impaired amounts to RM58,150,345 as compared against 31 December 2019 total amount of RM41,210,434. The collateral consists of cash, securities, letters of guarantee, and properties.

**Repossessed collateral**

It is the Group's and the Bank's policy that dictates disposal of repossessed collateral to be carried out in an orderly manner. The proceeds are used to reduce or repay the outstanding balance of financing and securities. Collateral repossessed are subject to disposal as soon as it is practical to do so. Foreclosed properties are recognised in other assets on the statement of financial position. At present, the Group and the Bank do not occupy repossessed properties for its own business use.

**(iii) Analysis of inputs to the ECL model under multiple economic scenarios**

An overview of the approach to estimating ECLs is set out in Note 2.3 Summary of significant accounting policies and in Note 3 Significant accounting judgements, estimates and assumptions.

The probability weights for each scenarios are determined using the probability density approach. GDP is used as an anchor as GDP reflects the overall condition of the economy. To estimate the probability of each scenario, the Bank's GDP forecasts are compared against the forecasts by the various research houses. It is then estimated by obtaining the area under the probability density curve based on the Bank's forecasts.

The following table shows the forecast of the key forward-looking economic variables used in each of the economic scenarios for the ECL calculations for financial year ended 31 December 2020.

Key Variable	ECL Scenario	Assigned Probabilities (%)	2020 (Actual)	2021 (Forecast)	2022 (Forecast)

(Incorporated in Malaysia)**

**46. Financial risk management objectives and policies (cont'd.)**

**(a) Credit risk (cont'd.)**

**(iv) Credit quality for financial investments and other financial assets (cont'd.)**

The ratings shown for debt securities are based on the ratings assigned to the specific debt issuance. As at the reporting date and prior year, none of the financial investments mentioned above are past due, except for defaulted corporate sukuk of the Group and the Bank held under financial investments at fair value through other comprehensive income with net outstanding amount is nil (31 December 2019: Nil), which have been classified as impaired and fully provided for.

**(b) Market risk**

Market risk refer to the potential loss arising from adverse movements in market variables such as rate of return, foreign exchange rate, equity prices and commodity prices.

**Types of market risk**

**(i) Traded market risk**

Traded market risk, primarily rate of return risk and credit spread risk, exists in the Group's and the Bank's trading positions held for the purpose of benefiting from short-term price movements, which are conducted primarily by the treasury operations.

**Risk measurement approach**

The Group's and the Bank's traded market risk framework comprises market risk policies and practices, delegation of authority, market risk limits and valuation methodologies. The Group's and the Bank's traded market risk for its profit-sensitive fixed income instruments is measured by the present value of a one basis point change ("PV01") and is monitored independently by the Treasury Middle Office ("TMO") on a daily basis against approved market risk limits. In addition, the TMO is also responsible to monitor and report on limit excesses and the daily mark-to-market valuation of fixed income securities. The market risk limits are determined after taking into account the risk appetite and the risk-return relationship and are periodically reviewed by Risk Management Department. Changes to market risk limits must be approved by the Board of Directors. The trading positions and limits are regularly reported to the ALCO. The Group and the Bank maintain its policy of prohibiting exposures in trading financial derivative positions unless with the prior specific approval of the Board of Directors.

**Bank Muamalat Malaysia Berhad  
(Incorporated in Malaysia)**

**46. Financial risk management objectives and policies (cont'd.)**

**(b) Market risk (cont'd.)**

**Types of market risk (cont'd.)**

**(ii) Non-traded market risk**

The Group's and the Bank's core non-traded market risk refers to the rate of return risk in the Group's and the Bank's Islamic banking business, foreign exchange risk, and equity risk.

**Rate of return risk**

Rate of return risk refers to the potential loss of income arising from changes in market rates in regards to return on assets and on the returns payable on funding. The risk arises from option portfolios embedded in the Group's and the Bank's assets and liabilities.

Rate of return risk emanates from the repricing mismatches of the Group's and the Bank's banking assets and liabilities and also from the Group's and the Bank's investment of its surplus funds.

**Risk measurement approach**

The primary objective in managing the rate of return risk is to manage the volatility in the Group's and the Bank's net profit income ("NPI") and economic value of equity ("EVE"), whilst balancing the cost of such hedging activities on the current revenue streams. This shall be achieved in a variety of ways that involve the offsetting of positions against each other for any matching assets and liabilities, the acquisition of new financial assets and liabilities to narrow the mismatch in profit rate sensitive assets and liabilities, and entering into derivative financial instruments which have the opposite effects.

The Group and the Bank use various tools including repricing gap reports, sensitivity analysis, and income scenario simulations to measure its rate of return risk. The impact on earnings and EVE is considered at all times in measuring the rate of return risk and is subject to limits approved by the Board of Directors.

The following tables indicate the effective profit rates at the reporting date and the Group's and the Bank's sensitivity to profit rates by time band based on the earlier of contractual repricing date and maturity date. Actual repricing dates may differ from contractual repricing dates due to prepayment of financing or early withdrawal of deposits.

**Types of market risk (cont'd.)**

**(ii) Non-traded market risk (cont'd.)**

**Rate of return risk (cont'd.)**

Effects of rate of return risk

- Earnings at Risk ("EAR")

The focus of analysis is more on the impact of changes in rate of return on accrual or reported earnings. Variation in earnings such as reduced earnings or outright losses can threaten the financial stability of the Group and the Bank by undermining its capital adequacy and reducing market confidence.

- Economic Value of Equity ("EVE")

Economic value of an instrument represents an assessment of present value of its expected net cash flows, discounted to reflect market rates. Economic value of the Group and the Bank can be viewed as the present value of the Group's and the Bank's expected net cash flows, which can be defined as the expected cash flows on assets minus the expected cash flows on liabilities plus the expected net cash flows on off-balance sheet position. The sensitivity of the Group's and the Bank's economic value to fluctuation in rate of return is particularly an important consideration of shareholders and Management.

- Value at Risk ("VaR")

VaR approach is used to estimate the maximum potential loss of the investment portfolio over a specified time.

Rate of return risk measurement

- Gap analysis

Repricing gap analysis measures the difference or gap between the absolute value of rate of return sensitive assets and rate of return sensitive liabilities, which are expected to experience changes in contractual rates (re-priced) over the residual maturity period or on maturity.

**(b) Market risk (cont'd.)**

**Types of market risk (cont'd.)**

**(ii) Non-traded market risk (cont'd.)**

**Rate of return risk (cont'd.)**

Rate of return risk measurement (cont'd.)

- Gap analysis (cont'd.)

A rate sensitive gap greater than one ( $>1$ ) implies that the rate of return in sensitive assets is greater than the rate of return in sensitive liabilities. As rate of return rises, the income on assets will increase faster than the funding costs, resulting in higher spread income.

A rate sensitive gap less than one ( $<1$ ) suggests a higher ratio of rate of return in sensitive liabilities than in sensitive assets. If rate of returns rises, funding costs will grow at a faster rate than the income on assets, resulting in a fall in spread income (net rate of return income).

- Simulation analysis

Detail assessments on the potential effects of changes in rate of return on the Group's and the Bank's earnings are carried out by simulating future path of rate of returns and also their impact on cash flows.

Simulation analysis will also be used to evaluate the impact of possible decisions on the following:

- Product pricing changes;
- New product introduction;
- Derivatives and hedging strategies; and
- Changes in the asset-liability mix.

**Rate of return risk (cont'd.)**

Sensitivity analysis for rate of return risk

The analysis measures the increase or decline in earnings and economic value for upward and downward rate shocks, which are consistent with shocks applied in the stress test for measuring:

Foreign exchange risk

Foreign exchange ("FX") risk arises as a result of movements in relative currencies due to the Group's operating in business activities, trading activities and structural foreign exchange exposures from foreign investments and capital management activities.

Generally, the Group is exposed to three (3) types of foreign exchange risk, namely, translation risk, transactional risk and economic risk, which are managed in accordance with the market risk policy and limits. The FX translation risks are mitigated as the assets are funded in the same currency. The Group controls its FX exposures by transacting in permissible currencies. It has an internal Foreign Exchange Net Open Position ("FX NOP") to measure, control and monitor its FX risk, and implements FX hedging strategies to minimise FX exposures. Stress testing is conducted periodically to ensure sufficient capital to buffer the FX risk.

The table below analyses the net foreign exchange positions of the Group and the Bank by major currencies, which are mainly in US Dollar, Australian Dollar, Swiss Franc, Euro, the Great Britain Pound, Japanese Yen and Canadian Dollar. The "others" foreign exchange risk include mainly exposures to United Arab Emirates Dirham, Qatari Rial and Singapore Dollar.

**Foreign currency risk**

Foreign exchange risk arises from the movements in exchange rates that adversely affect the revaluation of the Group and the Bank foreign currency positions.

**46. Financial risk management objectives and policies (cont'd.)**

**(b) Market risk (cont'd.)**

**Types of market risk (cont'd.)**

**(ii) Non-traded market risk (cont'd.)**

**Foreign exchange risk (cont'd.)**

**Interpretation of impact**

The Group and the Bank measure the foreign exchange sensitivity based on the foreign exchange net open positions (including foreign exchange structural position) under an adverse movement in all foreign currencies against reporting currency (MYR). The result implies that the Group and the Bank may be subjected to additional translation (loss)/ gain if MYR appreciated/ depreciated against other currencies or vice versa.

**(c) Liquidity and funding risk**

Liquidity and funding risk is the potential inability of the Group and the Bank to meet its funding requirements arising from cash flow mismatches at a reasonable cost while market liquidity risk refers to the Group's and the Bank's potential inability to liquidate positions quickly and with insufficient volumes, at a reasonable price.

The Group and the Bank monitor the maturity profile of assets and liabilities so that adequate liquidity is maintained at all times. The Group's and the Bank's ability to maintain a stable liquidity profile is primarily due to its success in retaining and growing its customer deposits base.

The marketing strategy of the Group and the Bank has ensured a balanced mix of deposits level. Stability of the deposits base thus minimises the Group's and the Bank's dependency on volatile short-term receiving. Considering the effective maturities of deposits are based largely on retention history (behavioral method) and in view of the ready availability of liquidity investments, the Group and the Bank are able to ensure that sufficient liquidity is always available whenever necessary.

The Asset & Liability Working Committee ("ALCO") chaired by the Chief Executive Officer, is being conducted on monthly basis, which purpose is to review the Liquidity Gap Profile of the Group and the Bank. In addition, the Group and the Bank apply the liquidity stress test which addresses strategic issues concerning liquidity risk.

The tables depicted in the following pages are the analysis of assets and liabilities of the Group and the Bank as at 31 December 2020 based on remaining contractual maturities.

(ii) Behavioural maturity of deposits from customers

In practice, deposits from customers behave differently from their contractual terms and typically, short-term customer accounts and non-maturing savings and current deposits extend to a longer period than their contractual maturity. The Group's and the Bank's behavioural maturity for deposits from customers are as follows:

Group	Deposits from customers							Total RM'000
	Up to 7 Days RM'000	>7 Days - 1 Month RM'000	>1-3 Months RM'000	>3-6 Months RM'000	>6-12 Months RM'000	>1 Year RM'000

(iii) Maturity analysis of financial liabilities on an undiscounted basis

The following tables show the contractual undiscounted cash flows payable for financial liabilities by remaining contractual maturities. The financial liabilities in the tables depicted in the following pages will not agree to the balances reported in the statement of financial position as the Tables incorporate all contractual cash flows, on an undiscounted basis, relating to both principal and profit payments. The contractual maturity profile does not necessarily reflect the behavioural cash flows.

The cash flows of commitments and contingent liabilities are not presented on an undiscounted basis as the total outstanding contractual amounts do not represent future cash requirements since the Group and the Bank expect many of these contingencies to expire or be unconditionally cancelled without being called or drawn upon and many of the contingent liabilities are reimbursable by customers.

**Bank Muamalat Malaysia Berhad  
(Incorporated in Malaysia)**

**46. Financial risk management objectives and policies (cont'd.)**

**(d) Operational risk**

Operational risk is defined as the risk of losses resulting from inadequate or failed internal processes and systems, human factors, and/or from various external events. The objective of operational risk management ("ORM") is to effectively manage these risks to minimize possible financial losses arising from operational lapses. In relation to ORM, the key risk organs which play a critical role in the overall integrated risk management framework are the ORM unit, Operational Risk Management Committee ("ORMC"), Internal Audit, Compliance, and the business lines.

The operational risk management processes include establishment of system of internal controls, identification and assessment of operational risk inherent in new and existing products, processes and systems, regular disaster recovery and business continuity planning and simulations, self-compliance audit, and operational risk incident reporting and data collection.

**47. Fair value measurements**

**(a) Financial and non-financial instruments measured at fair value**

**Determination of fair value and the fair value hierarchy**

- Level 1 - Quoted (unadjusted) market prices in active markets for identical instruments;
- Level 2 - Valuation techniques for which the lowest level input that is significant to the fair value measurement either directly (i.e. prices) or indirectly (i.e. derived from prices), observable; and
- Level 3 - Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable.

Where such quoted and observable market prices are not available, fair values are determined using appropriate valuation techniques, which include the use of mathematical models, such as discounted cash flow models and option pricing models, comparison to similar instruments for which market observable prices exist and other valuation techniques. The objective of valuation techniques is to arrive at a fair value determination that reflects the price of the financial and non-financial instruments at the reporting date, that would have been determined by market participants acting at arm's length. Valuation techniques used incorporate assumptions regarding discount rates, profit rate yield curves, estimates of future cash flows and other factors. Changes in these assumptions could materially affect the fair values derived. The Group and the Bank generally uses widely recognised valuation techniques with market observable inputs for the determination of fair value, which require minimal Management's judgement and estimation, due to the low complexity of the financial instruments held.

Senior sukuk	-	514,285	-	514,285	502,517

Fair value is the estimated amount at which a financial asset or liability can be exchanged between two (2) parties under normal market conditions. However, for certain assets such as financing and deposits, the respective fair values are not readily available as there is no open market where these instruments are traded. The fair values for these instruments are estimated based on the assumptions depicted below. These methods are subjective in nature, therefore, the fair values presented may not be indicative of the actual realisable value.

Fair value information has been disclosed for the Group's and the Bank's investments in equity instruments that are carried at cost because fair value cannot be measured reliably. The Group and the Bank do not intend to dispose off this investment in the foreseeable future.

**Bank Muamalat Malaysia Berhad  
(Incorporated in Malaysia)**

**47. Fair value measurements (cont'd.)**

**(b) Financial instruments not carried at fair value (cont'd.)**

**Financing of customers**

The fair values of financing of customers not designated as hedged item are estimated based on expected future cash flows of contractual instalment payments, discounted at applicable and prevailing rates at reporting date offered for similar facilities to new customers with similar credit profiles. In respect of non-performing financing, the fair values are deemed to approximate the carrying values, which are net of individual assessment allowance for bad and doubtful financing.

**Deposits from customers**

The fair values of deposits from customers are estimated to approximate their carrying values as the profit rates are determined at the end of their holding periods based on the actual profits generated from the assets invested.

**Subordinated sukuk & Senior sukuk**

The fair values of subordinated obligations are estimated by discounting the expected future cash flows using the applicable prevailing profit rates for financing with similar risk profiles.

Bank Muamalat Malaysia Berhad  
(Incorporated in Malaysia)

#### 48. Offsetting financial assets and financial liabilities

Financial assets and financial liabilities subject to offsetting, enforceable master netting arrangements and similar agreements are as follows:

	Gross amount of recognised financial assets/ financial liabilities RM'000	Gross amount set off in the statement of financial position RM'000	Net amount presented in the statement of financial position RM'000	Amount not set off in the statement of financial position	
				Amount related to recognised financial instruments RM'000	Amount related to financial collateral RM'000
Group and Bank					Net amount RM'000
<b>31 December 2020.</b>					
Derivative assets	47,820	-	47,820	-	47,820
Derivative liabilities	(167,335)	-	(167,335)	-	(167,335)
<b>31 December 2019</b>					
Derivative assets	21,859	-	21,859	-	21,859
Derivative liabilities	(77,546)	-	(77,546)	-	(77,546)

Financial assets and financial liabilities are offset and the net amount is reported in the statement of financial position when there is a legally enforceable right to offset the recognised amounts and there is an intention to settle on a net basis, or realise the asset and settle the liability simultaneously.

The amount not set off in the statement of financial position relate to transactions where:

- (i) the counterparty has an offsetting exposure with the Group and the Bank and a master netting or similar arrangements is in place with a right to set off only in the event of default, insolvency or bankruptcy; and
- (ii) cash or securities are received or cash pledged in respect of the transaction described above.

**Bank Muamalat Malaysia Berhad  
(Incorporated in Malaysia)**

**50. Capital adequacy (cont'd.)**

- (a) The core capital ratios and risk-weighted capital ratios of the Bank are as follows:  
(cont'd.)

	Bank	
	31 December 2020 RM'000	31 December 2019 RM'000
<b>Computation of capital ratios (cont'd.)</b>		
<b>Ratio (%)</b>		
CET 1 Capital	15.385%	15.895%
Tier 1 Capital	15.385%	15.895%
Total Capital	<u>17.858%</u>	<u>18.555%</u>

The capital adequacy ratios of the Bank are computed in accordance with BNM's Capital Adequacy Framework for Islamic Banks (Capital Components) and Capital Adequacy Framework for Islamic Banks (Risk Weighted Assets) issued on 4 August 2017 and 2 March 2017, respectively. The Group and Bank have adopted the Standardised Approach for credit risk and market risk, and the Basic Indicator Approach for operational risk. The minimum regulatory capital adequacy requirement for Islamic Bank Common Equity Tier I capital, Tier I capital, and Total Capital are 4.5%, 6.0% and 8.0% of total RWA, respectively, for the current period (March 2019: 4.5%, 6.0% and 8.0% of total RWA).

**Bank Muamalat Malaysia Berhad  
(Incorporated in Malaysia)**

**50. Capital adequacy (cont'd.)**

**Capital management**

The issuance of subordinated sukuk which qualifies for Tier 2 capital amounting to RM250 million (issued in June 2016), had ensured that the Group's and the Banks' RWCR remain competitive throughout the duration of the 5-year business plan.

Board of Directors holds the ultimate responsibility in approving the capital management strategy. At the Management level, capital management strategy review is a periodic exercise that is under the purview of Asset-Liability Working Committee ("ALCO"). The said exercise refers to an assessment of the Bank's capital requirement vis-à-vis the development of the Bank as well as broad environment, i.e. regulatory and macroeconomic setting.

Latest review exercise revealed that the management of the Bank's capital has remained consistent with the development of the 5-year business plan. This indicates that the present depth in capital is sufficient to meet the requirements of the business plan outlined.

Meanwhile, there were series of developments made from the regulatory perspective, in particular, the proposal by the Basel Committee on Banking Supervision on Basel III. Much have been deliberated as regulators globally strive to address reform in banking supervision, especially in the quality of capital and liquidity standards.

The Bank has adopted the Standardised Approach for the measurement of credit and market risks, and the Basic Indicator Approach for operational risk, in compliance with BNM's requirements vis-à-vis the Capital Adequacy Framework for Islamic Bank. In addition, the stress testing process forecast the Bank's capital requirements under plausible and worst case stress scenarios to assess the Bank's capital to withstand the shocks.

**51. Segment information**

**(a) Business segments**

The Bank is organised into three (3) major business segments:

- (i) Business banking - this segment comprises the full range of products and services offered to business customers in the region, ranging from large corporates and the public sector and also commercial enterprises. The products and services offered include long-term financing such as project financing, short-term credit (e.g Muamalat Cashline and trade financing), and fee-based services (e.g cash management).
- (ii) Consumer banking - this segment comprises the full range of products and services offered to individual customers in Malaysia, including savings accounts, current accounts, fixed term accounts, remittance services, internet banking services, cash management services, consumer financing such as mortgage financing, personal financing, hire purchases financing, micro financing, wealth management and bancatakafal products.

**Bank Muamalat Malaysia Berhad**  
(Incorporated in Malaysia)

**51. Segment information (cont'd.)**

**(a) Business segments (cont'd.)**

- (iii) Treasury and investment banking - this segment comprises the full range of products and services relating to treasury activities and services, including foreign exchange, money market, derivatives and trading of capital market securities.

Investment banking focuses on business needs of mainly large corporate customers and financial institutions, which include corporate advisory services, bond issuances, Initial Public Offerings ("IPOs") and debt restructuring advisory services. It also explores investment opportunities via private equity investments for the Bank.

Other business segments include rental services, none of which is of sufficient size to be reported separately.

**52. Shariah disclosures**

**(a) Shariah governance**

**Overview**

The Group's and the Bank's shariah governance structure are governed by BNM's guidelines on Shariah Governance Policy Document which comes into effect on 1 April 2020 and any related guidelines issued by the authorities, subject to variations and amendments from time to time.

In this context, Shariah non-compliance risk defined as the risk that arises from the Group's and the Bank's failure to comply with the Shariah rules and principles determined by the Shariah Committee ("SC") of the Group and the Bank and relevant Shariah Authorities ("SA") committees.

**Bank Muamalat Malaysia Berhad  
(Incorporated in Malaysia)**

**52. Shariah disclosures (cont'd.)**

**(a) Shariah governance (cont'd.)**

**Overview (cont'd.)**

This risk is managed through the Shariah Governance Policy, which is endorsed by the SC and approved by the Board of Directors. The policy is drawn up in accordance to the Shariah Governance Policy Document.

To ensure the operations and business activities of the Group and the Bank remain consistent with Shariah principles and its requirements, the Bank has established its own internal SC and internal Shariah organisation, which consists of the Shariah Department, Shariah Audit under the Internal Audit Department, Shariah Review and Compliance under the Compliance Department, and Shariah Risk under the Risk Management Department.

**Rectification Process of Shariah Non-Compliance Income ("SNCI") and Unidentified Funds**

Policy on Management of Shariah Non-Compliance Income was formulated pursuant to the Shariah Governance Policy Document, which defines the principles and practices to be applied by the Bank in managing its SNCI.

SNCI is an income generated from any transactions that breaches the governing Shariah principles and requirements as determined by the Group's and the Bank's SC and/or other Shariah Authorities ("SA").

The SA are as follows:

- Shariah Advisory Council of Bank Negara Malaysia.
- Shariah Advisory Council of Securities Commission Malaysia.
- Any other relevant Shariah resolutions and rulings as prescribed and determined by the SC of the Bank from time to time.

**(i) Shariah non-compliance income and events**

<b>31 December 2020</b>	<b>No. of event</b>	<b>RM</b>
Shariah non-compliance income during the year	2	-
Monthly Nostro interest received	-	-
	<u>          </u>	<u>          </u>
<b>31 December 2019</b>	<b>No. of event</b>	<b>RM</b>
Shariah non-compliance income during the year	5	200
Statement of Monthly Nostro interest received	3	62
	<u>          </u>	<u>          </u>

Any reported SNCI will be utilised to fund charitable activities as guided by SC of the Bank.

**(ii) Unidentified fund**

During the Group's and the Bank's daily operations, there are certain funds received by the Group and the Bank where the source is not clear or uncertain. These funds are therefore not recognised as income and are retained in the Maslahah Ammah account. The utilisation of the funds follow the similar procedures set for the SNCI funds.

Examples of unidentified funds are cash excess discovered at branch counter and ATMs, and unidentified credit balances.

**(b) Recognition and measurement by main class of Shariah contracts**

The recognition and measurement of each main class of Shariah contract is dependent on the nature of the products, either financing or deposit product. The accounting policies for each of these products are disclosed in their respective policies.
