

PRODUCT DISCLOSURE SHEET

Date:

Dear Customer,

This Product Disclosure Sheet (PDS) provides you with key information on your Credit Card-i. Other customers have read this PDS and found it helpful, **you should read it too.**

1 WHAT IS CREDIT CARD-i

Credit Card-i ("the Card"), is a Shariah compliant payment instrument which allows payment for goods and/or services purchased at the participating retail and service outlets via credit card which shall be deducted directly from your Card's line of credit. The Card also allows you to withdraw cash at both local and foreign ATM's up to the limit prescribed subject to terms by the Bank.

The product is structured under the concept of *Tawarruq* which is supported by other Shariah contracts including *Murabahah*, *Wakalah* and binding promise under the concept of *Wa'd Mulzim*.

Under the *Wakalah* contract, the Customer appoints Bank Muamalat Malaysia Berhad (the "Bank") as a dual agent to purchase and sell Shariah-compliant commodities ("Commodity") at a specified time on behalf of the Customer. The Bank will purchase the Commodity from a supplier at a Purchase Price, and thereafter sell the Commodity to the Customer at a Selling Price on a *Murabahah* (cost-plus) basis, to be paid on a deferred basis.

The Customer will then sell the Commodity (via the Bank acting as agent) to a third party on a cash basis. The cash proceeds will represent the credit limit or financing amount made available to the Customer under the Card facility.

The *Tawarruq* transactions are conducted prior to the disbursement of the financing amount. The Customer may request to take possession and delivery of the purchased Commodity, in which case all related costs and expenses shall be borne solely by the Customer. In the event that the Customer take the commodity, the Customer will not get the financing amount/credit card.
