FUND MANAGER'S COMMENTARY

- Moving forward, foreign demand for local bonds will likely remain pressured in the near-term, given the weak global sentiment for bonds and the US Fed's 50bps rate hike. We expect a net outflow of foreign funds in April, but a smaller outflow in May due to a lack of major bond maturities scheduled for this month.
- In view of the uncertain global economic outlook and volatile market condition, the Manager in its opinion will solely focus on capital preservation exercise and maintaining short to medium cash portfolio with approved financial institutions.
