Dear Customer,

This Product Disclosure Sheet (PDS) provides you with key information on your ASB / ASB2 Term Financing-i. Other customers have read this PDS and found it helpful, **you should read it too.**

1 WHAT IS ASB/ASB2 TERM FINANCING-i

This is a financing facility for customers to participate in investment under the Amanah Saham Bumiputera (ASB) / Amanah Saham Bumiputera 2 (ASB2) which available under the Standard and Education Packages. It is a Shariah-compliant secured term financing facility for customers to invest in ASB / ASB2 units.

Standard Package	Normal ASB / ASB2 financing.
Education Package	The parent or guardian act as applicant and responsible for financing payment on behalf of the minor. The ASB/ASB2 investment will be registered in the name of the said minor.

The customer opts for normal term financing for investment in ASB / ASB 2 and shall make monthly instalment (comprises principal and profit) until the end of financing tenor. The customer will enjoy returns through ASB / ASB 2 dividend, which will be automatically credited into the customer's ASB / ASB 2 funds.

ASB / ASB2 Term Financing-i is based on Tawarruq, combining Shariah contracts: Murabahah, Wakalah, and a binding promise (Wa'd Mulzim). Under Wa'd Mulzim, the customer makes a binding promise to purchase Shariah-compliant commodities ('Commodities') from the Bank at the Sale Price. Under Wakalah, the customer appoints the Bank as an agent to buy and sell the Commodities on the customer's behalf.

The Bank buys the Commodities from the supplier at the Purchase Price, then sells them to the customer at the Sale Price on a Murabahah (cost-plus) basis. The customer pays the Sale Price to the Bank on a deferred basis.

The customer then sells the Commodities through the Bank (as agent) to a third party for cash. The cash received becomes the customer's financing amount. The Tawarruq transaction must be completed before the financing amount is disbursed.

The customer may request delivery of the Commodities before they are sold to a third party. All delivery and ownership transfer costs are borne by the customer. In this case, the financing amount will not be disbursed for the purchase of ASB / ASB2 units on the customer's behalf.
